SAFETY EDUCATION begins in the elementary schools according to members of the Jacksonville Police Department. Mrs. Barbara Upchurch, left, teacher of the third grade at Franklin elementary school, welcomed Patrolmen Gerald Scott, center, and James Robson. The two policemen spend about an hour in each elementary classroom during the school year showing the latest safety education film, discussing bicycle and pedestrian safety plus giving out booklets designed to make school children more aware of safety.

De Gaulle, Brandt Set Conference

BERLIN (AP) — Newly appointed West German Foreign Minister Willy Brandt announced in a far-ranging speech Saturday that he will meet with French President Charles de Gaulle in Paris next Wednesday.

It was the first indication that the new West German "grand coalition" government will waste no time in pursuing its stated aim of patching up relations with France. At the same time, however, the former West Berlin mayor indicated West German policy will be more independent than before.

Primary Aim
Brandt is vice chancellor and foreign minister in the new Bonn government that took office Dec. 1 under Christian Democrat Chancellor Kurt Georg Kiesinger. Kiesinger has made it plain that a better relationship with Paris will be a primary aim of his government, while maintaining good relations with the United States.

Speaking at a convention of the West Berlin wing of his West German Social Democratic party, Brandt declared, "In the coming week I have a row of conferences in Paris (as part of the annual North Atlantic Treaty Organization meeting). I will meet there my colleagues, the foreign ministers of the United States, Great Britain, France and other countries. I would like to disclose that I will meet with French President De Gaulle on Wednesday."

Says Textbooks Slight Negroes' Contributions

WASHINGTON (AP) — Have American history textbooks stacked the cards against the Negro?

This is the question that drew about 1,300 teachers to Washington this weekend for a conference on racism in education. A focal document in their discussions was a study of a dozen high school textbooks by Irving J. Sloan. It was prepared for the American Federation of Teachers, AFL-CIO, sponsors of the conference.

"The fact is that the account in American history textbooks of Negroes and their contribution to society has never been complete or well-balanced," Sloan concluded.

Improvement Seen
"To be sure," he added, "there has been marked improvement through the years, however slowly and insufficiently."

"To no small degree," Sloan wrote, "the attitude and reaction of many white Americans to the Negroes' struggle for equality now is the consequence of a mythical, as distinguished from an historical, understanding of the American Negro."

"By omission and commission, the written history of the Negro has helped perpetuate and intensify the pattern of discrimination that is, after all, the root of the present 'revolution,' and as such is the central problem of our society today."

Sloan said these are facts not

War Lull Possible If Peace Sought

WASHINGTON (AP) — The Johnson administration believes an extension of the Christmas truce in Viet Nam will be justified only if both sides in the conflict use the time to move toward ending the war.

Policy-makers here doubt that the Communists have yet reached the point in combat losses where they are ready for actual steps either toward negotiation or toward scaling down the conflict. Officials are worried, therefore, about possible Communist maneuvers to prolong the cease-fire merely to gain time to reinforce and resupply their units.

Communist and non-Communist sources are expected to bring mounting pressure aimed at getting President Johnson to order a long pause in the bombing of North Viet Nam. But he already has rejected such action unless it is matched by some comparable peace move on the part of the Communists.

Secretary of State Dean Rusk said in Saigon Saturday there has been no indication from the Communist side to show what its reaction will be to Pope Paul's suggestion that the combatants link up the planned Christmas and New Year's truces.

As far as the allies are concerned, Rusk summed up the situation this way: "These things have to be done on the basis of what both sides are willing to do. We can't stop half the war."

Johnson may have to speak out on the situation in the next few days, to define once more basic U.S. interests and to avoid, as far as he can, being maneuvered into an embarrassing diplomatic spot and a potentially dangerous military position.

The whole issue was brought to a point for decision Thursday

when Pope Paul appealed to the belligerents to extend their planned holiday truces into "a single continuous period of time, so that new ways may be explored of bringing about an honorable understanding putting an end to the conflict."

U.S. officials said Saturday there's no question of what the U.S. response would be if a long holiday cease-fire could in fact be used to find "an honorable understanding" for peace. However, the expectation here is that the Communists probably will try to get simply a breathing spell to regroup for more war.

The Communist and allied sides so far have declared a Christmas truce of 48 hours from Dec. 24 to Dec. 26 and a New Year's truce of 48 hours from Dec. 31 to Jan. 2. In addition the allies have called for a 96-hour halt in the fighting at

30 Years Later

Questions Still Surround Abdication Of King Edward

LONDON (AP) — It was a gloomy, winter's day, Dec. 11, 1936. Over the radio came the sad voice of King Edward VIII, now the Duke of Windsor:

"I have found it impossible to carry the heavy burden of responsibility and to discharge my duties as king, as I would wish to do, without the help and support of the woman I love."

The woman was American-born, twice-divorced Wallis Warfield Simpson. The crisis shook Britons and threatened to undermine the monarchy.

Now, 30 years later, the British monarchy still stands, with Edward's niece, Elizabeth, reigning as queen. The abdication is merely another page in England's long and often turbulent history and is almost forgotten.

Go Unnoticed
The Windsors themselves—their exile ended—drop in and out of London virtually unnoticed, with no official recognition.

The duke, 72, has called at Buckingham Palace since he abdicated—but always alone. His duchess, 70, has never been accepted in the royal circles. The Windsors spend most of their time at their home just outside Paris. Their wanderings—to the United States, Italy, Spain, Austria and the south of France among the social set—have sometimes evoked pity among British friends.

But to the British of his and other generations the aging duke will always remain the boyish romantic figure—the king who gave up his throne for the woman he loved.

He was a popular king for that short reign of 327 days. Ever since abdication a row has raged hot and cold—did he go willingly or was he pushed?

The duke has said himself that abdication was the only course open to him.

Didn't Want Struggle
"I think I could have found not only political support but much public support for my position had I wished to make a struggle," he told an interviewer last July.

"But if I had permitted the politicians or encouraged the public to stand with me as Churchill and Beaverbrook wanted, I would have been forming—don't you see?—a king's party, a political party to serve my own private interests."

"Had I done that, I would not have been a worthy king. So I decided, alone, to pay the price, which was clearly abdication. It was the only course which was at the same time right for me and right for Britain."

Winston Churchill, then in the political shadows, and Canadian-born Lord Beaverbrook, owner of the powerful Express group of newspapers, were the leaders of a save-the-king movement. Ranged against them was Conservative party Prime Minister Stanley Baldwin and almost the entire British establishment, including the Church of England and Geoffrey Daw-

son, influential editor of the London Times.

News Spread
News of the king's infatuation with Mrs. Simpson was prominently reported in American newspapers at the time.

But as the storm gathered, no mention of their relationship appeared in British newspapers. Then the Bishop of Bradford, in a talk to his diocesan conference on Dec. 1, 1936, let the cat out of the bag.

The Yorkshire Post, a provincial newspaper published in northern England, carried an editorial headed "The King and His People." The national newspapers took it up the next day and Baldwin felt he had to act.

The stern, pipe-smoking prime minister issued an ultimatum that the king, then 42, should give up his proposed marriage to Mrs. Simpson—who, as a divorcee, was not acceptable to the church-monarchy tradition—or quit the throne.

Some commentators say the king was threatened and bullied into going.

Beaverbrook, however, once summed it up this way: "Who killed cock robin? Cock robin did."

Algeria Assumes Go-Between Role

Relates US Viet Stand To Enemy

ALGIERS, Algeria (AP) — Foreign Minister Abdelaziz Bouteflika gave Red China and North Viet Nam a detailed account Saturday of the American position on ending the Viet Nam war.

Bouteflika summoned the Red Chinese and North Vietnamese ambassadors to separate meetings to give them a detailed account of talks between Algerian leaders and President Johnson's roving envoy, W. Averell Harriman, in the course of which Harriman asked Algeria to use its good offices to bring about peace talks for Viet Nam.

Bouteflika's meetings with Chinese Ambassador Tseng Tao and North Vietnamese Ambassador Nguyen Van Phat initiated what could be a new phase of peace feelers, with Algeria acting as mediator.

Bouteflika summoned the two ambassadors to the Foreign Ministry immediately after a 90-minute meeting of Harriman

and Algerian President Houari Boumedienne.

Has Needed Ties
Harriman told a news conference he had asked Algeria to use its good offices in getting peace talks started. Algeria is one of the few countries outside the Communist bloc with accredited diplomatic missions from North Viet Nam and the Viet Cong.

American officials said they were agreeably surprised by the speed of Bouteflika's reaction, particularly since the Foreign Ministry rarely functions on weekends.

Bouteflika spent more than an hour with Van Phat. Two hours later he received the Chinese ambassador. There was no official information on what went on at these meetings or whether Bouteflika reported back to Harriman.

The foreign minister spent more than four hours with Har-

riman Friday and was present at Saturday's meeting with Boumedienne.

Harriman is scheduled to go on to Madrid Sunday and American sources said his plans are unchanged.

In any event, it seemed unlikely the two ambassadors could do much at this stage except convey Harriman's views to their respective governments.

Harriman told his news conference he had asked Boumedienne to use his good offices to "bring about negotiations for a settlement in Viet Nam."

He said the Algerian leaders convinced him they wanted the war stopped and would do everything they could to bring about peace negotiations.

The Algerian government has taken a consistently pro-Viet Cong attitude to the Viet Nam war and has hitherto refused to be drawn into active mediation attempts.

Test Shows Jack Ruby Has Cancer

DALLAS, Tex. (AP) — Jack Ruby, 35, former Dallas night club operator and slayer of Lee Harvey Oswald, has cancer, the site of which has not been determined, an official of Parkland Hospital said Saturday.

Ruby was taken to the hospital Friday for treatment of pneumonia.

Jim Maxwell, Parkland administrative assistant, said a lymph node biopsy was performed on Ruby under local anesthesia Saturday afternoon.

Source Unknown
"The lymph node revealed a tumor under microscopic examination," he said. "At this time the source of the tumor is unknown."

Maxwell said that early next week studies will be undertaken to determine the site of the tumor. "His further treatment will be determined by the findings of the studies," he added.

Ruby was taken to the operating room to have a tube inserted into his right chest to allow for complete removal of fluid building up there, Maxwell said.

It was then the lymph node biopsy was performed, he added.

"Ruby tolerated the procedure well and by 3:30 p.m. had returned to his room and was able to take nourishment," Maxwell said.

Improving
"His general condition is improving over yesterday," he said. Ruby has been listed as in serious condition.

Ruby is facing his second trial in the fatal shooting of Oswald.

MISSOURI MAN DIES IN ROXANA HIT-RUN

ROXANA, Ill. (AP) — Wayne Taylor, 24, of Hanley Hills, Mo., a St. Louis suburb, was killed Saturday when he was hit by a car in Roxana, Ill.

The Madison County coroner's office said the car that struck Taylor did not stop.

Taylor was standing beside his stalled auto when the accident occurred. He was an employee of the Shell Oil Co. plant in Roxana, in the Illinois section of the St. Louis metropolitan area.

Accidental Bombing Kills 16 U.S. Marines

SAIGON, South Viet Nam (AP) — U.S. Secretary of State Dean Rusk said Sunday he will seek more help in Viet Nam from North Atlantic Treaty Organization members, but that it would be up to each NATO ally to decide what it can provide.

Before leaving Saigon by air for Bangkok, en route to a NATO meeting in Paris, Rusk said in reply to newsmen's questions: "The particular form (of aid) is for each one to determine. As far as troop assistance, I don't know about that."

It was not immediately clear what type of aid Rusk had in mind and he did not say whether he would make specific requests. Current aid includes such items as a West German hospital ship, but no combat troops from any NATO members other than the United States.

In the Viet Nam war, one Vietnamese civilian was killed and three wounded Saturday when a U.S. mortar platoon mistakenly shelled an area five miles west of Bien Hoa, about 20 miles north of Saigon, U.S. spokesmen disclosed Sunday.

The accident came hard on the heels of an accidental aerial bombing Saturday that killed 16 U.S. Marines and wounded 11 near a stony ridge known as the Rockpile, five miles south of the border demilitarized zone.

In the accidental mortar shelling, U.S. headquarters said a preliminary investigation showed the U.S. platoon had received permission from the South Vietnamese sector chief to fire in the area.

In the unintentional aerial bombing, a Marine plane dropped two bombs on a unit of the 3rd Marine Division. The bombs were among six 250-pounders unleashed in response to a Leatherneck call for support to help clear enemy forces from the path of advancing U.S. troops.

Brandt's Son In Protest Against Viet Nam War

BERLIN (AP) — About 800 German youths, including a son of Vice Chancellor Willy Brandt, demonstrated in Berlin streets Saturday with songs, shouts and placards against the war in Viet Nam.

Some who broke off from the prescribed route of march in an effort to recruit passers-by landed in police trucks.

Leftist youth groups sponsored the demonstration, with a rally in a downtown square, of students and young workers.

"Join us, freedom for Viet Nam!" they shouted.

Among signs they carried were: "Americans Out of Viet Nam," "God Created the Beginning, Johnson Created the End," "Stop Bombing North Viet Nam," "Negotiate with the Viet Cong."

The Brandt family marcher was Peter Brandt, 18. His father, the former mayor of West Berlin, is foreign minister as well as deputy chancellor in the new West German government formed in Bonn on Dec. 1. The elder Brandt heads the Social Democrat party.

Fears Possible War
Introducing the resolution Thursday, British Foreign Secretary George Brown said Britain would not oppose an acceptable amendment to include oil in the mandatory sanctions. But he warned against letting the situation "develop into a confrontation—economic or military—involving the whole of southern Africa."

A spokesman said the bombs may have ricocheted from rocks on the stony ridge or there may have been a malfunction in their mechanisms. He said the other four bombs landed on suspected Communist positions.

In other war developments Sunday:

Air Force B52 bombers struck at dawn at a Viet Cong base camp 30 miles north-northeast of Saigon in War Zone D. The raid was in the same area of recent B52 raids designed to pulverize bases from which the Viet Cong has been mounting guerrilla and terror attacks around Saigon.

U.S. headquarters said a U10 utility plane was shot down Saturday by Viet Cong ground fire and the two crew members were rescued uninjured. The plane is a small aircraft used for leaflet drops, loudspeaker broadcasts and observation. It was shot down 110 miles south.

Africans Map Oil Embargo vs. Rhodesia

UNITED NATIONS, N.Y. (AP) — The Africans were reported Saturday to be drafting a proposal that the U.N. Security Council deplore Britain's refusal to use force for the overthrow of Rhodesia's rebel white-minority regime.

Diplomatic sources said that provision was among the African proposals drawn up for submission Monday as amendments to a pending British resolution that calls for a mandatory boycott of selected Rhodesian exports to end the 13-month rebellion.

Stipulations
They reported the amendments would also call for a mandatory embargo on oil shipments into Rhodesia; would add coal to the list of boycotted exports, and would accuse Portugal and South Africa of defying the council's previous voluntary economic sanctions against Rhodesia.

The British resolution would have the 15-nation council decide that all U.N. members "shall prevent" the import into their territories of Rhodesian asbestos, iron ore, chrome, pig iron, sugar, tobacco, copper, meat, meat products, hides, skins and leather.

It also says U.N. members shall prevent their nationals from shipping arms, ammunition, warplanes, military vehicles and the like to Rhodesia. It urges nonmembers to impose the same sanctions.

Fears Possible War
Introducing the resolution Thursday, British Foreign Secretary George Brown said Britain would not oppose an acceptable amendment to include oil in the mandatory sanctions. But he warned against letting the situation "develop into a confrontation—economic or military—involving the whole of southern Africa."

After the holiday glitter... will you have to borrow to pay the bills?

When all the packages are opened and all the pretty wrappings discarded... will you need a loan to pay for the fun? Repaying that loan will cost you a pretty penny in interest charges.

But if you make the habit of saving, you will have the money when you need it.

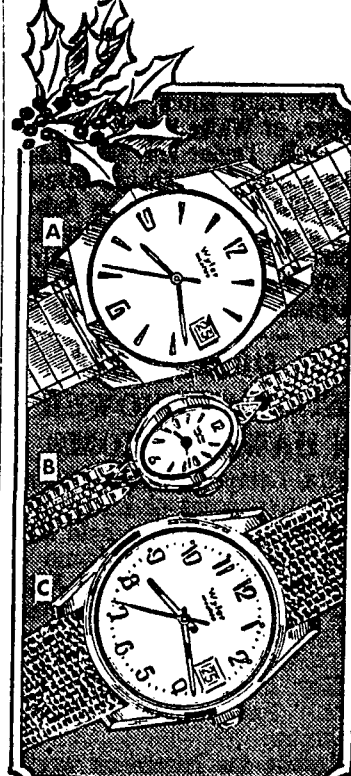

The difference between borrowing to pay the bills next Christmas and saving ahead and getting earnings on your savings can make a big difference in your holiday enjoyment.

Saving makes the difference.

Jaycees Announce 1966 Home Lighting Contest

Ten prizes totaling \$100 will be awarded to residents of Jacksonville, South Jacksonville and a mile surrounding in the annual home lighting contest sponsored by the Jacksonville Jaycees in cooperation with the Illinois Power Company.

The prize money, donated by Illinois Power, will be awarded in three categories: religion, doorway and miscellaneous plus a first overall selection for Jacksonville and South Jacksonville.

The prizes will be as follows: the overall prizes, \$20 each; re-

ligious category, first \$10, second \$7.50; third, \$5; doorway category first, \$10; second \$5; miscellaneous category, first \$10, second \$7.50, and third, \$5. Judging will be by three persons who have no connection with the Jaycees or Illinois Power and will be done on the evening of Thursday, December 22, between 6 and 10:30 p.m.

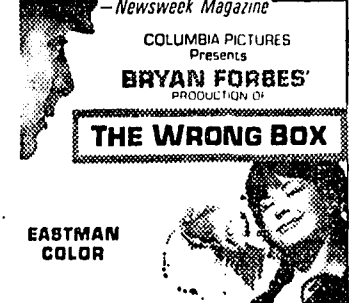

Entry blanks, which will appear in this newspaper, must be mailed to Ron Cox, Route 4, Jacksonville, by Tuesday, Dec. 20.

There is no restriction for an entrant's age or location of the home entered other than it be within a mile of the city or village limits. Winners from last year may compete and everyone is eligible to enter except the judges and the Jaycee Christmas Lighting committee. Judging will be based on the following table of values: artistic merit, 20; originality, 20; lighting technique, 20; and overall appearance, 40.

Annual Meeting Of Farm Bureau Held In Cass

VIRGINIA — Members of the Cass County Farm Bureau and Cass County Service Company met in the Virginia high school Saturday, Dec. 3, for their 49th annual meeting. The meeting was attended by 300 persons and was called to order by Vice President Edward Carls of the Farm Bureau. Father Simpson of St. Luke's Church gave the invocation. Business reports were given and awards were presented. Officers and directors were elected.

During the morning, Wayne Walter, soloist presented a program of songs. At the noon hour ladies of the Homemakers Extension association served a beef dinner.

At the afternoon session, Pat Asper, Country Companies' safety education director, presented an educational fire safety demonstration. Hal Trimble, director of underwriting of Country Mutual Insurance company, was guest speaker. Improved driving practices, continued training of youthful drivers through driver education, safer highways and automobiles, and stricter enforcement of traffic laws will go a long way in curbing the problem that has forced auto insurers to raise rates and become much stricter in underwriting practices.

Farm Bureau officers elected for the coming year were: Darryl Tegeder, president; Edward Carls, vice president; Donald Bierhaus, secretary-treasurer.

Township directors are: Herbert Strubbe, Arenzville; Robert Savage, Ashland; Richard Hess, Beardstown; Kenneth Dour, Bluff Springs; Egbert Miltstead, Jr., Chandlerville; Joe Moore, Hagener; Ben Kruse, Newmansville; John R. Cline, Panther Creek; John Cosner, Philadelphia; Lewis Webster, Jr., Sangamon Valley; Charles Crum, Virginia.

Maurice Plattner, president of the Cass County Service Company, called the Service company to order. Directors for the coming year were elected as follows: Maurice Plattner, Oliver Meyer, Harry Winklemann, Floyd Schone, Robert Hess, Melvin Ring, Robert Wildt. Reports were made by Oliver Meyer, secretary, and Bennie Barnett, manager.

N. GREENE COACH HAS PROGRAM FOR ROODHOUSE ROTARY

ROODHOUSE — Henry Van Tuyle, vice president of the local Rotary Club, furnished the program for the Wednesday night dinner meeting. He introduced North Greene High school basketball coach, Lynn Hartweger, who spoke on the prospects in basketball for this year. Mr. Van Tuyle spoke and showed films of football games played during the last season.

The vice president, with the help of three friends, Homer Booth, Leo Hawkins and Larry Dericks, prepared a delicious supper for the Rotarians.

Born to Mr. and Mrs. Larry Coon, a daughter, Dec. 7 at the White Hall hospital. She joins a sister, Lori, at home.

Mrs. Lloyd Coates underwent surgery at the Holy Cross hospital, Jacksonville, Tuesday, where she had been a patient for one week. Her condition is reported to be good.

Friends in this area will be interested to know that a memorial for Miss Mary Arnold, critic teacher and instructor at Illinois State University, Normal, written by some of the faculty at ISU, was read as the memorial was made a matter of record and placed in the permanent file of minutes of Illinois State University faculty meetings.

The news was released by Robert G. Bone, who stated, "Mary was an unusually fine person and made a lasting contribution to young people at Illinois State University."

Miss Arnold, who passed away in the fall spent her early years in Roodhouse where she graduated from the local high school. A copy of the memorial was sent to Miss Mabel Hopkins.

GOURLEY FUNERAL HELD AT PEARL

PEARL — Funeral services for Mrs. Edith M. Gourley, wife of Harry Gourley, were held at 2 p.m. Friday at the Church of Christ here with Brother Lovell E. Manchester officiating.

The Hanks Funeral Home was in charge of arrangements and interment was made in Green Pond cemetery.

Pallbearers were Jerry Dean Akers, LaDon Johnson, Hubert Sowers, all of Pearl; Johnnie Kern, Milton and Milo Smith and Scottie Smith, Pittsfield.

The deceased is survived by her husband and two daughters, Vista Mae, wife of Wallace Lewis, Jr., of Winchester and Lois Marie, wife of Carroll McCann, Pearl rural route.

There is one brother surviving, Francis Norton of rural Pearl. Six grandchildren and several nieces and nephews survive.

Since coming to Jacksonville, he has been active in Cub Scouts, First Presbyterian Church, Band Parents Association, Chamber of Commerce

DEMO WOMEN HAVE CHRISTMAS DINNER MEETING, PROGRAM

The Morgan County Democratic Woman's Club met December 6th at the Blackhawk restaurant for dinner. Mrs. Byron Smith, the president, and Mrs. Doris Willner furnished the dinner music.

After dinner, Mrs. Alice Hiatt was introduced. Mrs. Hiatt's students gave a lovely program. The following students took part: Trudy Bryant, Crystal and Sandy Wade, Brenda and Beverly Chamberlain, Callie Jo Gant, Veronica, Robin, and Crystal Strubbe, Mary, Susie, and Nora Spradlin, Deava and Dora Dempsey, Derra Hoats, Beverly Schuester, Karen and Gayla Ahlquist, and Becky Robinson.

A gift exchange was also held at the meeting. The next meeting will be held at the Curve Inn, Franklin, Illinois, January 10th, with Mrs. Dorothy Van Winkle hostess.

James Christofferson

Jim received his bachelor of science degree in mathematics from Westminster College, and he holds an MCA in accounting from the University of Pennsylvania.

Jim started with the company in 1958 as an industrial engineer in Macedon and was promoted to financial analyst before coming to Jacksonville in 1963 to assume his most recent position.

Since coming to Jacksonville he has been active in Kiwanis, Cub Scouts, and Grace Methodist Church activities.

Jim, his wife Jean and three children will be living in Canandaigua, N. Y.

COME IN OUR RED BACK DOOR

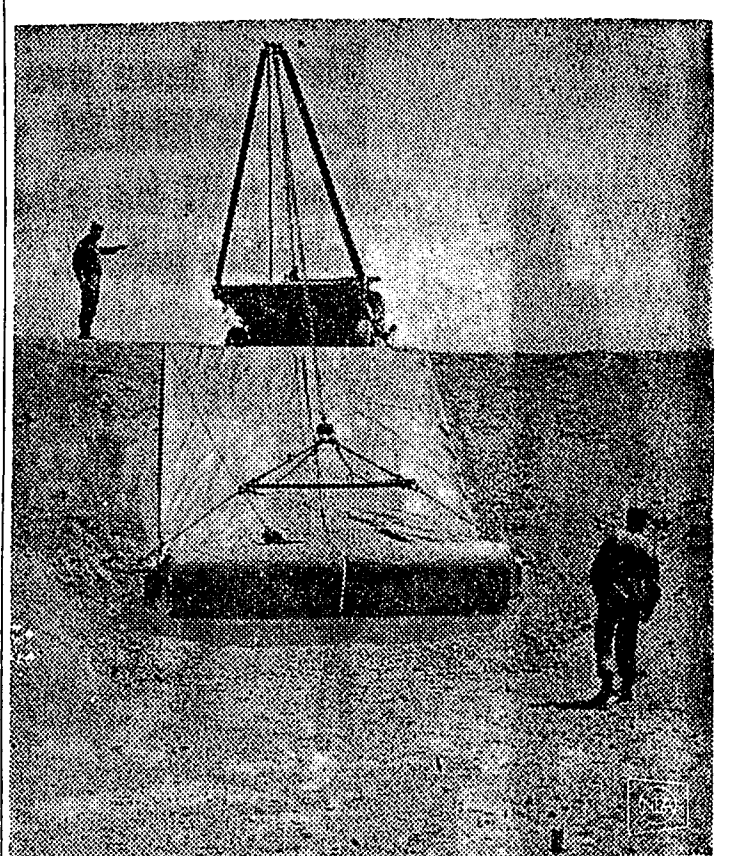

At the beginning of the year, and Mrs. Maurice Cooper along the co-leaders of Brownie Troop with their assistant Sally Ottaway, Mrs. LeeRoy Jackson, Jr., way, a student at MacMurray

College, plan a skeleton schedule for the year. The troop then makes suggestions and votes on how they would like to carry through the program. Our motto is "Learn through Fun" and we build our year's program around the Brownie promise and the Brownie Be. To Be Discoverers, the group has chosen a "Special Place" on the Albert McFarland farm to watch and make first hand discoveries on the changes that take place from season to season. On these hikes, we incorporate our progressive cooking steps. To Be Friendmakers, the girls recognize the importance of good deeds at home, at school,

troop. These girls are divided into three patrols with Gayle Erickson, Carol Browning and Beverly Price as patrol leaders. The assistant patrol leaders are Susan Becker, Karen Sue Ahlquist and Holley Ann Cully. The troop treasurer is Gayla Ahlquist and Scribe is Jean Elliott. On December 6 we had our fly-up and rededication ceremony. We had five Brownies flying up and one girl new to scouting. During the month of November we made toys — stuffed toys, yarn octopi and hand puppets. On December 13 we are going to take a tour of Pas-savant Hospital and deliver our toys. During the coming weeks we will be working on the Sign of the Star. Troop 31 didn't get started until October 31, but has been busy, busy ever since. The first meeting was spent getting acquainted with their two new leaders, Mrs. Mary Wiedenmann and Mrs. Florence Clement. Elections by secret ballot were held to elect 3 Patrol leaders, Karen Sue Evans, Jeanne Scott, and Katie Sidman who are doing an excellent job. Rededication and flying up ceremonies were held November 28 when 9 Brownies became Junior Scouts, bringing the troop total to 18. Brownie 99 Mrs. Betty Jackson and Mrs. Betty Cooper, leaders of Brownie Troop No. 99 and Mrs. Clement escorted the new scouts across the stepping stones and through the rainbow arch where they were met by the Patrol leaders, and troop members and

pinning by the troop leader. The nine new Juniors are: Gayle Ogle, Mary Clement, Patty Crawford, Teri Hammon, Lori Ecker, Ruth Wiedenmann, Brenda Quigg, Becky Hensen and Jeanne Freiburg. After the ceremony the troop and leaders listened to the new Piper record and led in singing by Mrs. Jackson. Two delicious cakes were donated for this special occasion by Mrs. Ogle and Mrs. Freiburg. Bob Wiedenmann did a beautiful job decorating the cakes with the Girl Scout Emblem. The troops first service project was to make and deliver 100 turkey nut cups for patients Thanksgiving Day trays at Holy Cross Hospital. The troop Christmas project is to make up 25 individual little fruit baskets out of cottage cheese containers to be delivered to one of the nursing homes. Troop 27 Troop No. 27 started the year with 7 new members and 10 second-year Brownies. An investiture ceremony was held on October 26 for the new members with their mothers as guests. On November 2 we had a Star ceremony for the second year Brownies giving each girl their first year star. Mothers of the girls were guests. On November 11 the troop was guest of troop No. 99 for a hayride and roasting marshmallows at Nichols Park. The girls have made individual song books with a variety of Brownie songs and other favorites of the girls. They plan on adding to it during the year.

Troop No. 27 is very busy working on their Christmas decorations and presents for their parents. Leaders are Mrs. Linda Meyers and Mrs. Delores Crow. Albania has a population of 1,814,000 living in an area only slightly larger than Maryland. Albanians, according to legend, are descended from an eagle.

HASTY STORAGE of petroleum products in Viet Nam is made possible with units fabricated from synthetic rubber coated on nylon cloth. The 420,000-gallon capacity reservoir is easy to handle, transport and install, since the units can be folded into a 14-foot roll, five feet in diameter. A trapezoidal-shaped pit is dug to hold the petroleum, and the lining is laid inside the pit to form the quick and temporary storage tank.

Combrink Rites Set For Today At Carrollton

CARROLLTON — Harry M. Combrink, 69 year old resident of Carrollton, father of Mrs. Jack Stevenson of Jacksonville, died at 8 a.m. Friday at Boyd Memorial hospital where he had been a patient several days.

Mr. Combrink was office manager for Greene County Agricultural Stabilization and Conservation Service. In 1951, he was appointed chairman of the Illinois Production Marketing Association, operating in 99 counties with headquarters in Decatur. In his work as chairman, he supervised all P.M.A. programs, including agricultural conservation, allotment and marketing, commodity loans and purchase agreements, storage structures, grain storage, crop insurance and the programs undertaken as P.M.A. national defense measures. He was chairman of the Illinois Agricultural Mobilization Committee and had been active in farm programs since the organization of the A.A.A. in 1933.

A veteran of World War One, he engaged in farming after his graduation from the University of Missouri College of Agriculture. He was a member and elder of the First Presbyterian church of Carrollton, a member of the Carrollton Lions club and a charter member of the Carrollton American Legion. He was born in Princeton, N.J. June 15, 1897; son of Reverend and Mrs. Charles Combrink. He was married to the former Ethel Vandersand, who survives.

Also surviving is a daughter, Mrs. Margaret Stevenson of Jacksonville; two grandchildren, Ronald and Diane Stevenson and a sister, Mrs. Martha Dowd of Massillon, Ohio. The body was taken to the Mehl Funeral Home where friends may call. Funeral services are scheduled at 2:30 p.m. Sunday at the First Presbyterian church, Carrollton. Dr. Frank Marston will officiate and burial will be in Carrollton cemetery. The body will be taken to the church at 1:30 p.m. Sunday.

Papers Tell How This Cong Died

EDITOR'S NOTE: Pieced together from captured documents, personal papers and conversations, here is how one young Viet Cong communist—fictitiously named Le Van Dong—met death.

By JOHN NANCE

WAR ZONE C, South Viet Nam (AP)—The Viet Cong reconnaissance squad had its orders: "Follow and watch the enemy (Americans) until tonight..." "Learn how they are situated..." "Cut new trails of approach—keep them hidden..."

Le Van Dong—in his mid-twenties and wearing a floppy blue hat—was among the 15 or 20 Viet Cong men who spread out and picked their way in twos and threes through the thick jungle of War Zone C.

The zone, in Tay Ninh province along the Cambodian border, had been their sanctuary for years. It held the headquarters of the National Liberation Front, the political arm of the Viet Cong. At least three regiments of Viet Cong and North Vietnamese troops were reported to be based there.

Now the Americans had pushed deep into the zone in the largest U.S. operation of the war. More than 25,000 troops with powerful air and artillery support were splitting the zone's dense jungle.

Le Van Dong and the Viet Cong squad, from their hiding places, had counted the helicopters coming in. They knew where to go and that there was a large force.

Dong and another man crawled under low-hanging bamboo and slipped from tree to tree.

Dong traveled light. In addition to his blue hat he wore an olive green shirt, black trousers and "Ho Chi Minh" sandals made from old tires.

On his U.S.-type pistol belt were tied a battered canteen and a new, nylon hammock-poncho.

In a cloth sack Dong carried a plastic bag rigged as a gas mask and ammunition for his old French-model bolt-action rifle. A bayonet with foot-long blade jutted from the muzzle.

The two men edging closer to the clearing could hear the buzz of chain saws and the roar of explosives as GIs cleared trees. The perimeter was thinly

manned and Dong and his partner reached the middle of the defense line.

Dong was about 10 yards ahead when the second man tripped over a wire stretched taut across the ground. There was a pop and whoosh. A trip flare shot into the air.

Both men froze.

Only 20 yards away Spec. 4 Espirion Contreras of Devine, Tex., a squad leader with Alpha Company, was sitting beside his bunker with his shirt off. His M16 automatic rifle leaned against a tree.

He heard the whoosh and then he spotted Dong and the other man.

"We just stared at each other," Contreras recalled. "I remember he had on this funny hat and I didn't know whether to shoot him or what."

"But in a second I realized what was up. I grabbed my M16 and cut loose. The first guy (Dong) dove behind a mound of dirt, but the second guy was hit. I fired the whole clip. The guy

CONTRIBUTE TO THE GOODWILL TREE HELP say Merry Christmas To Jacksonville and Alameda County's 1200 Needy Children

Representatives of the Jr. Dept. School, The First Baptist Church, Jacksonville, present their gifts to Rollyn B. Trotter at the bank. From left to right: Gail Erixon, Dick Wood, Mrs. James Young, Supt., Debbie Wood, Mr. Trotter, Jimmy Fry, Julie Ford, and Eddie Glossop. The class has always contributed to the Goodwill Tree.

Again this year Elliott State Bank is proud to serve as headquarters for your Goodwill Tree, and invites you to decorate the towering tree with gifts of new warm clothing for deserving youngsters in our area. Local welfare agencies, volunteers, and bank personnel are giving their services to sort the gifts and distribute them in time for Christmas. When you make up your Christmas shopping list today, make sure there are no "forgotten children" on Christmas morning. Remember the Goodwill Tree.

New York Stock Market

NEW YORK (AP)—The stock market last week staged its biggest rally since the end of October.

Optimism that a tax increase might be avoided was one of the reasons linked with the advance. On the other hand, the list had a depressing series of declines behind it and technicians pointed out a snapback was to be expected.

It was the market's first weekly advance in four weeks. More stocks fell than rose on Monday though market averages were up slightly.

On Tuesday the market rallied, even though the economic news generally was discouraging. After the close on Tuesday, however, came news that President Johnson expects to ask Congress for \$9 to \$10 billion in additional funds for fighting the war in Viet Nam, instead of about \$15 billion as some had expected.

This was interpreted by the stock market community as meaning that a chance for a tax increase was not as likely. The result was that on Wednesday the market staged its most vigorous rally of the week, a rally that continued Thursday.

Profit-taking began Friday but the technical condition of the market was so strong that an early loss was erased and the market ended with its fourth straight advance, though a small one.

The Associated Press average of 60 stocks advanced 6.1 to 286.9, its largest rise since the week ended Oct. 30, when it gained 9.3.

The Dow Jones industrial average rose 23.55 to 812.80. Volume was 39,322,270 shares compared with 36,922,930 the previous week.

Of 1,569 issues traded on the New York Stock Exchange, 952 rose and 483 fell. Norton Co. advanced 17% to 46% in news it had developed an expensive device for putting sound tracks on home movies.

Most-active issue was Alcan Aluminum, up 2% at 28 1/2 on 642,400 shares.

Corporate bond prices advanced in the face of a record weekly corporate bond volume of \$523 million.

Municipal bonds advanced substantially for the first time in a month. Government issues sold off, registering their largest losses since early Nov.

Rusk—(Continued From Page One)

west of Saigon in An Giang Province, headquarters said. In the skies over North Viet Nam on Saturday, U.S. pilots flew through overcast weather to hit military barracks, storage areas and bridges in the Dong Hoa area, spokesmen reported.

The bombing near the Rockpile was the second such fatal accident in that immediate area in less than three months. Three Marines were killed and four wounded by a 500-pound bomb that fell short Sept. 18. Marines captured the ridge in that campaign. But that was a search and destroy operation rather than one to clear and hold, and they later withdrew.

Among developments elsewhere in this waning fifth year of American involvement in the war:

—A fresh squadron of about 20 U.S. Air Force F100 Super Sabre jets took up station at the Tay Hoa airbase, on the South China Sea coast 240 miles north-east of Saigon. Debarcation of 1,700 men of the U.S. 199th Light Infantry Brigade at Vung Tau, 40 miles southeast of Saigon, pushed the roll of U.S. servicemen in Viet Nam to nearly 364,000.

—While eight-engine B52s and lighter craft pursued the air war, the U.S. Command disclosed the loss of three helicopters Friday in Tay Ninh Province northwest of Saigon. They alighted on land mines and were wrecked by the explosions. Of the dozen or so crewmen, two were killed and one wounded.

—A Viet Cong detachment estimated at 500 men inflicted heavy casualties on two Vietnamese militia companies, totaling about 300, in a night attack with mortars, machine guns and small arms at a Vietnamese training center near Baria, 34 miles southeast of Saigon. A spokesman said Viet Cong infantrymen were sent in pursuit.

War Lull

(Continued From Page One)

the time of the Vietnamese new year, Tet, Feb. 8-12.

Pope Paul's proposal was open-ended and authorities here understand that the Vatican would like to see a cease-fire running from Dec. 24 through Feb. 12.

In his comment to newsmen in Saigon, Rusk presumably was talking particularly about a pause in U.S. bombing of North Viet Nam without some reciprocal action by North Viet Nam.

He is known to have been concerned about pressures building up for a bombing pause comparable to the 37-day halt which began with Christmas a year ago.

However some authorities here are at least equally concerned about the possibility that stopping the whole war may be the major issue with which Johnson will shortly have to deal.

Military leaders have warned — and the President's diplomatic advisers seem generally to agree — that a halt in fighting on both sides at this stage of the conflict would assist only the Communists since they are the ones who are losing the fight now.

1966 Nobel Prize Winners Receive Medals, Awards

STOCKHOLM, Sweden (AP)—Six 1966 Nobel Prize winners received their gold medals, diplomas and cash awards from King Gustaf VI Adolf Saturday in colorful ceremonies at Stockholm's Concert Hall. Three of them are American scientists.

The prizes are worth \$60,000 each. Two of them were shared.

These were the 1966 prizes: —Chemistry: Dr. Robert S. Mulliken, 70, Chicago, a teacher at the University of Chicago and the Florida State University at Tallahassee, for his work with French physicist Alfred Kastler in defining some of the basic concepts on the behavior of electrons, atoms and molecules.

—Physics: Prof. Kastler for the work with Mulliken.

—Medicine: Shared by Dr. Peyton Rous, 87, a pathologist at the Rockefeller University in New York, and Dr. Charles Huggins, 65, professor of surgery at the University of Chicago, for their long list of achievements in cancer research.

—Literature: Shared by two Jewish authors, Samuel Y. Agnon, 78, of Israel and German born Nelly Sachs, 73, a poetess now living in Sweden.

—Peace: Shared by Dr. Dora Baird, Naomi Lawson and Mrs. Osie Summers. Mrs. Amelia Baird was in charge of the social hour.

Jacksonville And Routt Claim 1st Wins Of Year

IC WIN GOOD FOR RIVALRY

One of the greatest aspects of basketball or any similar sport is that quite often things that just can't happen do. And when you throw two college basketball teams from the same town together on the same floor nothing is safe.

Illinois College's 98-97 victory over MacMurray Friday night will never be compared to the great upsets of the past that are recorded in sports annals, but it was an upset everyone knew it. Very few if any local observers (except the IC players evidently) thought the Blueboys could break a ten-game losing streak to their cross-town rivals Friday.

Many felt the game would be played most of the time in MacMurray's half of the court because the Highlander press would keep the Blueboys short of the mid-court stripe a goodly portion of the contest. A lot of the game was played there, as witnessed by the 31 turnovers the westsiders committed.

But when IC got the ball past mid-court they got it in the air and about half of the time it went in. They hit the boards harder than anyone had expected and hustled all over the court.

We could go into a great deal of details as to who scored, when and what the score was with so many minutes left, but just let it be said both sides played their hearts out, as they always do when they get together, and not one fan left IC's gymnasium without knowing he had seen a great ball game.

A lot of followers of both schools had reached the point that they wondered whether this somewhat friendly but fierce rivalry should continue on the basketball floor, what with MacMurray winning the first ten games played.

Now, with Illinois College's inaugural victory, both sides know that the Blueboys can win and there seems little chance of the series being terminated in the near future.

The win was good for the town and for the rivalry. We, along with all other local roundball fans, look forward to many more years of this exciting rivalry and furious brand of basketball they provide each time they meet. You won't find a more interesting basketball game played anywhere.

When St. Louis Cardinal shortstop Dal Maxvill spoke in Jacksonville Thursday night he drew his biggest laugh without saying a word.

The personable Maxvill accepted all questions, no matter how personal, from the audience of baseball fans, and let the gathering in on many of the insides of major league baseball.

When asked what the players on the Cardinal team thought of sometimes controversial baseball announcer Harry Caray, who broadcasts all the St. Louis games, Maxvill broke into a knowing smile and the audience broke up. "Next question, please," said Maxvill.

He later commented that Caray was an announcer who made the game quite exciting to the listeners, but sometimes went a bit too far, as far as the ball players are concerned. "In the new stadium we have speakers in the dugouts and we always turn him off," Maxvill added. "Jack Buck is a tremendous announcer and the players respect him a great deal."

According to Maxvill, Cardinal first baseman Orlando Cepeda doesn't have a bad knee that seems to cause him to limp noticeably. "One leg is shorter than the other. I've told Harry (Caray) this several times, but I guess he likes the knee injury better."

Jacks Win 73-66 On Fourth Period

JERSEYVILLE — A hot streak of ten straight points early in the fourth quarter broke up an air-tight contest and carried Jacksonville to its first victory of the season, a 73-66 non-conference triumph over Jerseyville, here Saturday night.

The Crimsons, who handed Jerseyville its first defeat in five games, broke loose from a 49-49 deadlock at the end of the third period to rip off ten in a row and 19 of 22 in that streak.

Up until the breakaway streak by the visitors the contest had been tied on eight occasions and the lead had changed hands 16 times. Jerseyville had led by as much as eight points, in the first period, and JHS had led by as much as four points. At the end of the streak the Crimsons led by 15 points, 70-55, with 2:20 left in the tilt.

Duane Mounts, a 6-3 sophomore center, turned in his best varsity game ever for the Crimsons, tossing in 22 points and getting a good portion of the winners' 27 rebounds.

Forward Robin Manker added 15 points to the winning cause, and Bob Donovan turned in his second straight sterling reserve role, tossing in nine points and doing a good job on the boards. Duane Hess reached double figures with 11 points. Hess, Abe Brown and Rich Coble all left with five personal in the fourth period.

Start To Breakaway Trailing 52-51 at the start of the final eight minutes, Jacksonville used buckets by Coble and Mounts to shoot into a slim 55-52 margin. After Jerseyville's Lee Elliott meshed a free toss the next ten points were scored by the Jacks.

Mounts and Donovan hit quick buckets, Coble stole the ball for two, Manker connected on a pair of free tosses and Donovan swished a baseliner to turn the count to 65-53 with 3:00 showing.

The losers' Ron Blackorby hit from the outside to break the skein, but Brown connected on a three-point effort and Mounts hit both ends of a one-and-one to run the difference to 70-55.

Get Within Seven Jerseyville managed nine of the next ten points to get within 71-64 with 50 seconds left, but Manker hit a crumple through the Panther press with :45 left to ice the tilt.

Jerseyville ripped off 11 straight points midway through the opening period to boost the hosts into a 17-10 margin. Donovan and Mounts hit to close the final period count to 19-13.

The Crimsons soon caught up and tied the contest at 21, 23 and 25. A hot streak of five straight points by Mounts boosted JHS into a 33-29 margin before Terry Weigler, Bill Breden and Blackorby again shot Jerseyville into a 36-35 halftime

Back And Forth

The lead changed hands on five straight trips down the floor in the third period, with Jerry Bauersachs and Pat Worsham hitting in the final 20 seconds of the frame to boost Jerseyville into a 49-49 tie after Brown, Mounts and Hess had connected from the outside for the Crimsons.

Both clubs shot 46% from the field, but Jacksonville connected on 50% of their second-half shots, and got off 13 more shots from the field. Jerseyville's attack was seriously cramped by 34 turnovers, several caused the Crimsons' pressure defense. JHS committed 22 turnovers, due mostly to the full-court Panther press.

KASKASKIA RIVER BREAKS THRU LEVEE

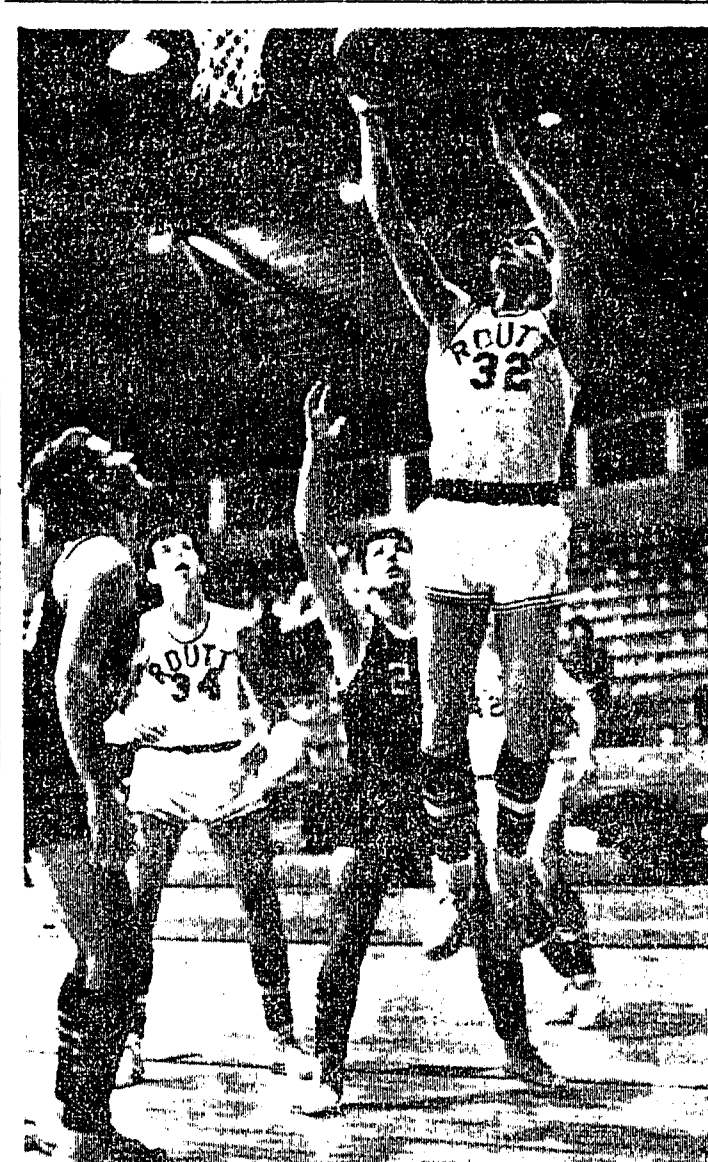

VANDALIA, Ill. (AP) — The Fayette County sheriff's office said a dirt levee on the eastern edge of Vandalia cracked in several places Saturday spilling out the Kaskaskia River over farmland in the area.

A crew of 14 inmates from the Illinois State Penal Farm was sandbagging the breaks.

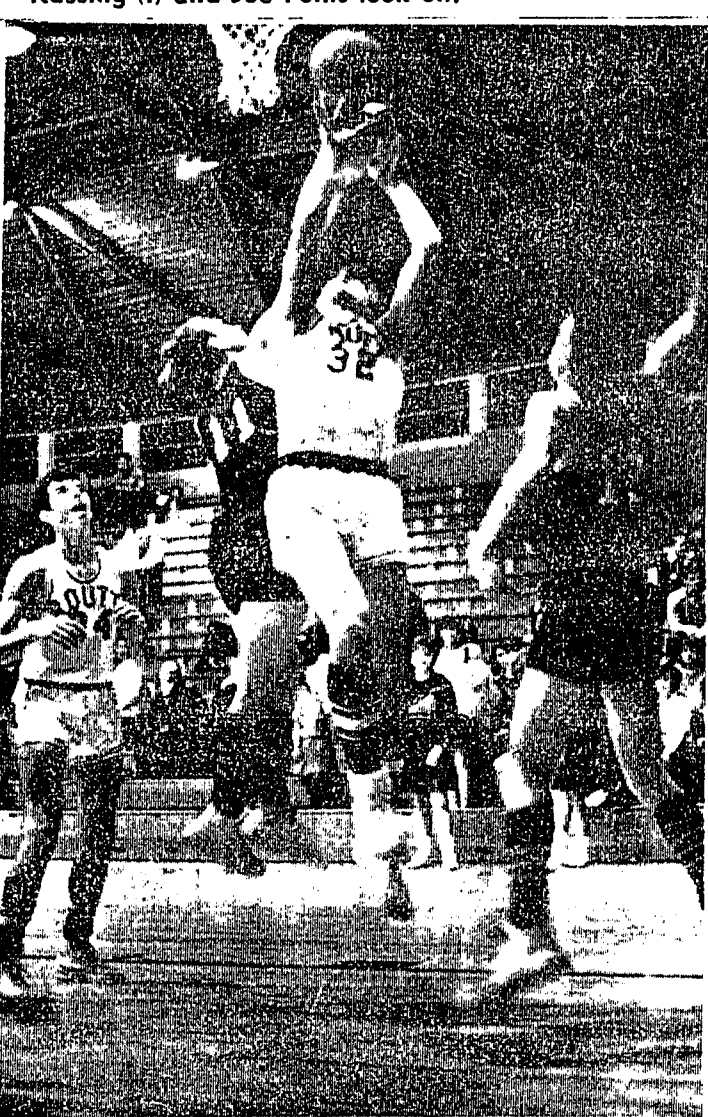

A spokesman for the sheriff's office said no injuries were reported and that the town wasn't likely to be flooded.

No estimate of how high the river was could be obtained.

The spokesman said one or two farm houses in the area had been evacuated.

UP ABOVE: Routt's Dick Zeller rises well above the rest of the crowd to lay in this two-pointer during the Routt's 76-66 triumph over St. Mary's Saturday. The game was the second high school contest played in the new Routt gymnasium. Routt's Chuck McNeely (34) waits for a possible, while St. Mary's Bob Kassing (1) and Joe Follis look on.

BATTLING: St. Mary's Bob Kassing (11) and Routt's Dick Zeller battle for this rebound under the Rockets' bucket Saturday night. Chuck McNeely (11) and Bob Salrin look on. Zeller tossed in 14 points and picked off 15 rebounds to lead a 76-66 victory, while Kassing led all scorers with 23 points.

Rushville Drops Pair Of Games In Quincy Meet

QUINCY — Rushville finished last in the Quincy Round Robin tournament with an 0-3 record losing Saturday to Quincy, 80-49, and Tuscola, 71-46.

This left with Rushville an 0-5 overall record.

Quincy was too much team for the Rockets to handle as the Blue Devils led at the half 43-22, behind Bill Gay's 12 points in the opening half.

Quincy continued to dominate the game in the third quarter pull-ahead 61-32, with Bush doing most of the scoring in this period for the Blue Devils.

Rushville was able to stay even with Quincy in the final period mainly because of the Blue Devil reserves being in the game.

Rick Patterson led the Rockets attack with 23 points in addition to his fine rebounding.

Tuscola downed Rushville in the evening contest with an over-powering second half performance that saw them score 40 points to 20 for Rushville.

The Rockets managed to stay close to Tuscola in the first half with inspired play but were worn down by the taller Tuscola team.

79-45 Win

WHITE HALL — North Greene ripped the nets at a 41 per cent clip while taking advantage of Pittsfield's chilly 20.8 per cent

faring to walk off with a surprisingly easy 79-45 triumph over the visiting Saukees here Saturday evening.

Rebounding told much of the story as the host Spartans pulled down 46 grabs to only 31 for Pittsfield. Turnovers also aided North Greene to the non-conference win with the Saukees losing it on 20 occasions, while North Greene errored 12 times.

Guy Manning topped the now 4-1 victors with 17, while teammate Marty Rhoades followed up with 16.

Jay Shaw led the Saukees with 13.

North Greene led by only 19-12 at the quarter break, but quickly moved out of range via a 21-11 domination of the second round, and a decisive 24-9 count in the third.

The loss dropped Pittsfield to a 3-2 status.

Red-Hot Rockets Tip Eagles, 76-66

By BUTCH BENDING

The Routt Rockets scored their first victory of the season, over the St. Mary's Eagles, with hot shooting from the floor, 76-66, here Saturday evening.

The Rockets dominated the first three quarters of the game with a fine display of field goal shooting, hitting on 53 percent of their shots from the floor.

Routt was led by Chuck McNeely, who scored 18 points, with Dick Zeller adding 14, and Don Fernandes and Jim McCarthy scoring 12 apiece.

St. Mary's, which had its trouble in the first three periods of play, made a direct reversal in the final quarter outscoring the Rockets 30-16.

The Eagles surge was led by Bob Kassing, who put 23 points through the hoop, and received most of his help from Bob Salrin, who netted 14 points.

Joe Follis led the last quarter with St. Mary's assault with eight points, coming as a result of the very effective full-court press that the Eagles applied during the entire last period. The press took its toll on St. Mary's as well as Routt, as four of their players fouled out.

The Bowling Scene

by Sandy Petersen

George Manker highlighted a week of hot shooting in local league play with a 232, 268, 238—738 series to set new city-wide highs in the single game and three-game series departments.

Manker's total outdistanced his previous existing series best mark of 637, while the 268 effort pushed wife Marian's 267 recording from atop the charts.

Gerald Lacey came through with another superb effort during the week, pressing Rus Zulauf's existing four-game high of 892 with a 252, 205, 214, 216—887 outing in Scratch Classic League play.

Behind Lacey's effort, Powell's Body Shop posted the team series high (2249) on way to a 3-1 night. Noel Leitzle totaled 254 for high game honors, while Wade and Dowland chalked up a 595. The Bowling Center still holds a five-game spread over the field.

Manker's record-setting effort came in Thursday Nite Men's League play where Birdsell Candies posted a 3-0 night to increase its margin over Tempo Aristocrats to two games.

The Village Cycle Shop copied high team marks on 1068 and 3055 counts.

Friday Mixed Double League action saw the front-running Holts and second place Greed. Ed suffer 1-2 outings, despite the strong shooting of Ed Autery.

Autery sparked the Greg-Ed combo to high game honors (364) on a 182, 163, 223—568 total. Deb and Charlotte Burnettie grabbed the best series on a 961.

Seymour Builders vaulted back into the Topper League lead with a 3-0 night last week as Village Printer was blanked 0-3.

Seymour's, which swapped its 1 1/2 game deficit for a like number advantage, copied high series honors on a 2084, while Fire Dept. took the game high on a 1097. Gerald Lacey and Bob Sheerin highlighted the action with respective 245 game and 621 set efforts.

Loretta Ring rolled a 515 series, aided by a 181 effort, to top all comers in C D of A League play last week.

Lucky Boy, which copied the series high on a 1991, retained its 3-game lead over Dempsey's TV, the high game shooters (716) via a 2-1 decision.

Jim's Big Value, sparked by the hot shooting of Harley Smith, copied a sweep in the Community League Friday night to maintain its two-game spread over Kordite.

Smith tallied games of 159, 231 and 182 for a nice 572 total. Kordite took the team bests on 1043 and 2966 figures.

Joyce Heaton recorded a 185, 171, 156—512 night in leading Hillcrest to a 3-0 night in Plam League action last week. The sweep lifted Hillcrest to a 7-game advantage over A. C. W. A. and Smitty's Seat Covers.

Heaton, Rubena Alexander and Vena Brodgon tied for high game honors with 185 efforts.

Jack Barwick sparked Martinizing to City League team highs of 1043 and 2893 last week with a fine 199, 198, 244—641 outing.

The effort handed Martinizing a 2-1 decision, and left the squad 3 1/2 games off the top pace set by George's Pizza. George's holds a 1 1/2 game advantage over Triangle Club, with T & C now three back, and Martinizing in fourth.

Two to one nights by front-running 0-1 and D-2, coupled with a 2-1 edge by 53, left all three units with 22-14 records and a tie for the Kordite League lead last week.

D-3 and C-1 copied team honors on respective 2306 and 856 counts, while Gort Lambert's 190 game and a 492 set by Clara Robertson also rated high.

Doyle-Shanle Insurance rolled up a 3-0 outing via week high team totals of 1124 and 2183 to move within two games of Junior Commercial League leading Baptist Sound.

Jack Barwick paced all scorers with a nice 602 series, while J. McNeecce copied high game on a 236 effort.

Roger McClintock connected games of 222, 217 and 201 for a superb 640 series to highlight last week's Senior Commercial League action. McClintock's effort sparked May's Music Shop, now only four games behind leading Cock-A-Doody Doo, to a 2-1 night.

Bill Dickinson rolled a fine 254 for high game honors.

The Happy Losers maintained their half game lead over the Newcomers in Tuesday Afternoon Ladies League play last week, as both clubs settled for 2-1 decisions.

The second runners copped

both team highs on 595 and 1731 counts, while Mary Schultz took game best on a 199. Janet Hisle of the Lane Brains connected 179, 143 and 186 for the week's top series—508.

K of C League front-runners Leonard and Six maintained its four game lead despite a 1-2 night last week, as second-place Branstler Printers suffered the same fate.

Roach Plumbing racked up both team highs on 1073 and 3082 counts, while Mike Aputis' 593 series and a 238 effort by A. J. Spreen topped individual totals.

W.J.L.L. Radio pulled out of a two-way tie into a two-game lead over the Jacksonville Merchants' League field last week, via a 3-0 sweep, while recording both team highs on a 739, 819, 883—2461 total.

Mildred Slocum tallied the top set on a 173, 163, 165—521 rolling, while Marlene Gillis copped high game honors on a 183.

An oddity occurred in one match, as B & B Products and Olson's Cleaners tied two games out of three.

Russ Zulauf came within one pin of recording as fine a triplicate as anyone could ask Wednesday night, rolling a 205, 204, 205—614 to highlight action in the light Town and Country League.

Cox Buick increased its margin to two-game over Crown finance, while Mark's Barber Shop, who tallied week highs on 915 and 2539 tallies, landed in third, 2 1/2 back.

Roger Hurrebrink netted high game—223—during a 605 outing.

Ray's TV vaulted into the Rockette League lead via its second straight 3-0 night last Thursday, taking a slim half game advantage over Mids Casual Wear.

Marian Manker reeled off a 502 series in leading Penza Realtors to pace setting 774 and 2160 totals, while Virginia Packing's Sue Brown netted high game on a 203.

Bill Shouse put on a four-game scoring exhibition in Three-Man Handicap League action last week, rolling games of 189, 166, 228 and 213 to record a 796 series.

Shouse's week high effort sparked the Hilltoppers to the team high set (2207) and a tie for top game honors with Price Masonry at 603.

The Bowling Center increased its league lead to three games during the action via a 3-1 win. Only five games separate the second through sixth place runners.

Bates Market kept up its Bowlerette League pace-setting clip with a 2-1 outing last week. Bates, who totaled the high team set (2265) stands five games in front of Ingram Electric.

Mildred Slocum tallied the top series on a 164, 198, 168—530 outing, while Evelyn Wiant chalked up high game on a 201.

Blackhawk Restaurant took single effort honors with an 836.

Jim Clinton totaled a 583 series on games of 199, 169 and 215 in sparking the Bowling Center to a 3-0 triumph which vaulted the unit to a four game spread over the High School League field.

The leaders, who amassed the top totals with 1047 and 3059 figures, have now won nine straight to stand at 26-4 for the year.

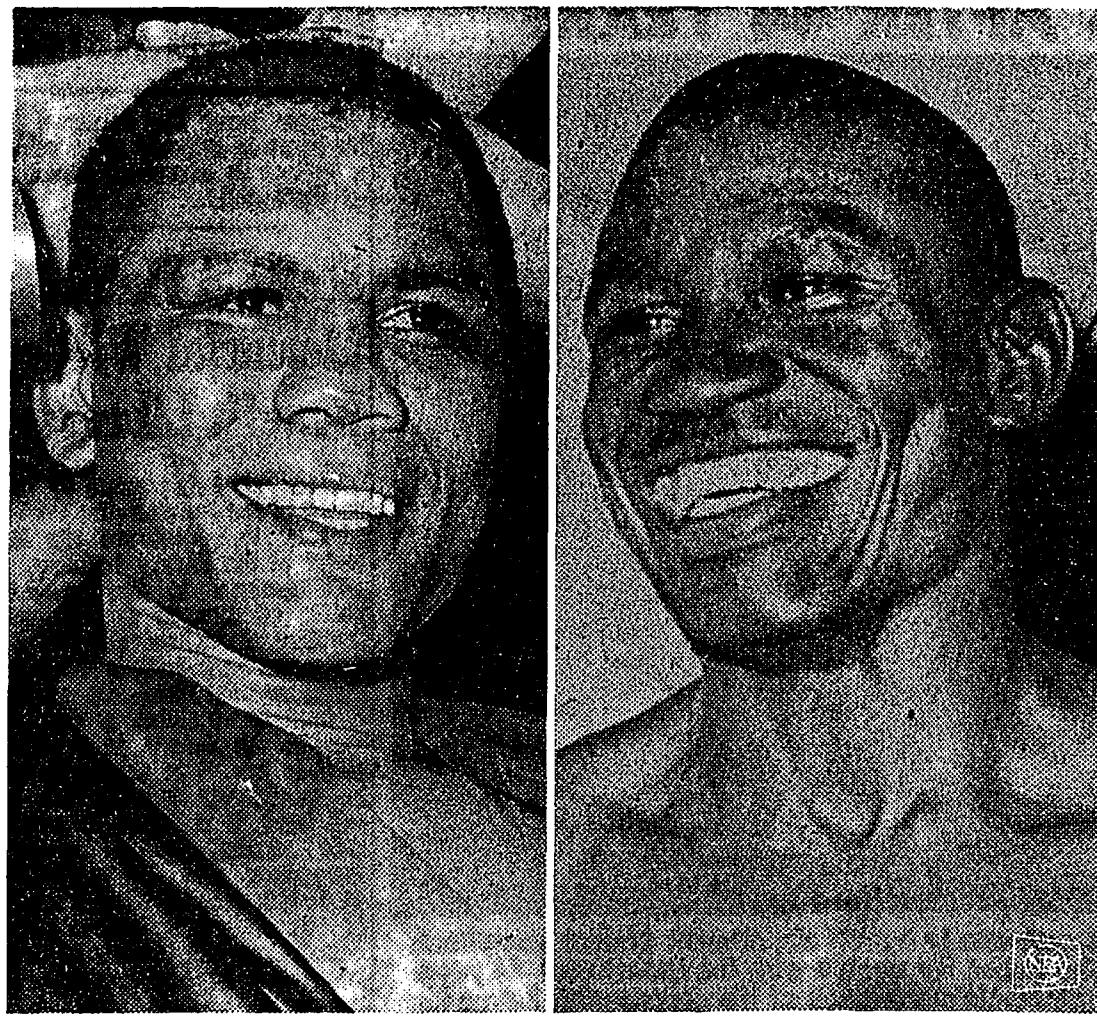

Donna Bosck paced all female entrants with a 183 game and 432 series.

Three teams ended deadlocked for the Civic League top slot after last week's action, with Orleans Grain (1-2), The Townsman (1-2) and Adams Sales and Service (2-1) each holding 25-17 slates.

Alps Tavern took high series (3051) while Illinois Power rolled the top game total (1041). Elgin Cress' fifty 244 game, and a 188, 179, 210—575 effort by W. Browning topped the individual charts.

Georgia Ann Tribble recorded games of 177, 198 and 145 for a 520 series sparking Meadow Gold to week high Queen Pin League totals, and a 2-1 night that carried the second-runners to within 2 1/2 games of Dunlap Court Beverage.

Meadow Gold counted 870 for high game honors and 2408 for

Miami Wins 14-7 In Liberty Bowl Over Va. Tech

MEMPHIS, Tenn. (AP)—Quarterback Bill Miller engineered a 70-yard touchdown drive in the fourth quarter Saturday to give ninth-ranked Miami a 14-7 victory over Virginia Tech in the eighth annual Liberty Bowl.

The big play on the game-winning march was a 38-yard Miller-to-Jim Cox pass to Tech's five. Doug McGee lunged into the end zone four plays later from the one.

Tech scored early on a one-yard run by Tommy Francisco and Miami tied it 7-7 in the third period on a seven-yard pass from Miller to Joe Mira, brother of San Francisco 49er quarterback George Mira.

The Liberty Bowl had a record paid attendance of 39,101, but only 25,012 showed up because of 36-degree temperatures and a light rain.

In the third quarter, Miami drove 47 yards to score, but the key was a 15-yard toughing-the-punter penalty which gave the Hurricanes new life at the Tech 26. Miller kept his team on the ground until he got to the seven, where he hit Mira with a touchdown pass.

Defensive Battle It was a defensive battle in which Miami gained only 163 yards in total offense and Tech only 111.

Tech got its touchdown when halfback Jim Richards blocked a Miami punt and Tech took over at the Miami 21. Francisco carried four straight times and scored from the one.

Richards had never rushed a punter until this game and he had not played since he broke his collarbone against Kentucky Oct. 8.

Cox, a junior end who caught 41 passes during the regular season, caught five for 77 yards and was voted the game's most valuable player.

Francisco was named the game's offensive back, with Virginia Tech's All-American Frank Loria chosen defensive back. Sophomore end Ted Hendricks of Miami was the outstanding defensive lineman.

Virginia Tech 7 0 0 0-7
Miami 0 0 7 7-14

Pitts Leads Green Bay Past Colts

BALTIMORE (AP)—Elijah Pitts, who toiled in the shadow of Paul Hornung for years, scored two big touchdowns for Green Bay Saturday in a 14-10 victory over the stubborn Baltimore Colts, clinching the Western Conference title in the National Football League.

It was the fifth conference crown for the Packers in eight years since Vince Lombardi came West to take over the coaching job.

The grueling battle was fought in a rainstorm that soaked most of the sell-out crowd of 60,238 at Memorial Stadium and turned the field into a mudbath.

Baltimore, making a desperate thrust, reached deep into Packers territory in the final minutes, but John Unitas fumbled and Dave Robinson recovered for Green Bay on the Packers 11. Green Bay then ran out the clock.

Baltimore took a 10-7 lead into the final quarter on a one-yard touchdown plunge by Tony Lorick and a 26-yard field goal by Lou Michaels in the second period.

Pitts Scores Pitts had put the Packers out front in the first quarter on a 42-yard pass from Bart Starr following a key interception by Willie Wood of a Unitas pass.

Starr did not play in the second half after suffering a rib injury and 35-year-old Zeke Bratkowski led the Packers on their winning touchdown drive.

Rising to the occasion with another display of their old blood and thunder football, Green Bay marched 80 yards for the winning score, eating up the clock in the final quarter.

A 28-yard pass play from Bratkowski to Pitts, who made most of the yardage with a fine run after the catch, got the drive going. Jim Taylor and Pitts slammed into the line and Bratkowski found the veteran Max McGee on a pass that took Green Bay to the four. Pitts went over on the second of two thrusts.

Pirates, Alou Capture Bat Titles In NL

CINCINNATI, Ohio (AP)—The Pittsburgh Pirates continued to lead National League batters in 1966, only this time Matty Alou took the hitting crown instead of Roberto Clemente.

Matty Alou hit .342, well ahead of his brother Felipe's second place .327 at Atlanta. Clemente, who won the batting crown in 1964 and 1965, batted .317 for a fourth-place tie with Richie Allen of Philadelphia. Ricardo Carty of Atlanta was third at .326.

The Pirates, who have won the batting crown 19 times since 1900, also turned in the highest club batting average of .279.

Meanwhile, Hank Aaron of Atlanta continued to hit the home runs and drive the runners across. He hit 44 homers to boost his total to 432—third among active National League players—and drove in 127 runs to take the league lead for the fourth time.

After six years of leading the league in base stealing, Maury Wills lost that honor to Lou Brock of St. Louis. Brock stole 74 bases, while the injury-plagued Wills got away with only 38 times and was caught on 24 occasions—more than anybody else in the league.

IBSSS Second In Triangular

ST. LOUIS, Mo. — IBSSS edged Missouri for the first time in several years in finishing second in a triangular wrestling meet, here Saturday.

Iowa won the meet with 88 points, followed by Illinois with 77 and Missouri with 72.

The local Warriors had three individual champions, Bill Smith at 112, Ken Staley at 154 and Mike Stratton.

Seconds were recorded by Danny Thompson at 95, Danny Schull at 120, T. J. Cravens at 138 and Steve Baugh in the heavyweight.

WAYNESBURG COPS NAIA BOWL, 42-21

TULSA, Okla. (AP) — Rich Dahar scored three touchdowns, passed for one and rushed a record 233 yards in leading Waynesburg, Pa., College to a 42-21 victory over Whitewater, Wis., State Saturday in the NAIA championship football bowl game.

Dahar carried the ball 41 times, also a record, as the Yellowjackets scored on touchdown drives of 68, 72, 72, 41, 80 and 53 yards in the 24-degree weather.

Whitewater, which twice led in the first half before falling behind 20-14 at intermission, stayed in contention until the final period when two touchdowns by Dahar and a safety put the game out of reach.

Dahar was an overwhelming choice in the voting for the game's outstanding back. Dennis Williamson, Whitewater end who caught two of quarterback Bob Berzowicz' three touchdowns passes, was voted the outstanding lineman.

The loss was Whitewater's first of the season after 10 consecutive wins. Waynesburg finished with a 11-0 mark.

Dallas Faces 3rd Big Game In Row

By JACK HAND
Associated Press Sports Writer
The Dallas Cowboys, seeking their first National Football League title, face the third big game in three weeks Sunday when they take on the bouncy Washington Redskins in the Cotton Bowl.

Tom Landry's men disposed of Cleveland on Thanksgiving night and took over the undisputed Eastern Conference lead Sunday by knocking off St. Louis.

One game ahead with two to play, the Cowboys must keep on winning to assure themselves of a berth in the title game.

Dallas had trouble with Washington Nov. 13, finally beating the Redskins 31-30 on a field goal by Danny Villanueva with 15 seconds to go. Washington is coming off a bye after that 72-41 ramble over the New York Giants.

Cardinals At Atlanta
St. Louis invades Atlanta to take on the aroused Falcons, who have won two of their last three, including an upset of Minnesota last week. The Cardinals, trying to put an offense together behind Terry Nofsinger, threw a scare into Dallas last Sunday but finally succumbed 31-17. St. Louis must beat Atlanta and knock off Cleveland while hoping for Dal-

las to stumble if they are to tie or win in the East.

Cleveland, the third team with a mathematical shot at the Eastern title will be at Philadelphia, seeking its eighth consecutive win over the Eagles. The Browns rumbled over Philadelphia 27-7 on Nov. 13.

Gale Sayers, who scored six touchdowns against San Francisco last December, gets another chance when the Chicago Bears play the 49ers at Kezar Stadium. They played a 30-30 tie Nov. 13 when Tommy Davis kicked a field goal with nine seconds to play. A victory will assure San Francisco of a .500 season. The Bears must finish with two straight triumphs to make the break-even mark.

Detroit Finishes Season
Detroit finishes its season a week ahead of the rest of the league, taking on Minnesota which has lost four straight. The Lions have dropped their last two, so these clubs will be fighting for the Western cellar. Detroit won the first game 32-31 when Garo Yepremian kicked six field goals.

Two losing teams play at Yankee Stadium where the New York Giants will try to snap a six-game slump at the expense of the Pittsburgh Steelers, who have lost three in a row. They played a 34-34 tie way back on opening day, Sept. 11. The Steelers have Bill Nelsen back at quarterback after a knee operation. The Giants have hopes after scoring 81 points in their last two games, even if the other teams did score 121 points.

Green Bay played at Baltimore Saturday and Los Angeles had the bye.

Franklin Downs Pleasant Plains By 69-60 Count

FRANKLIN — Franklin jumped off to an early lead and put down a stiff Pleasant Plains surge in the late going to capture a tight 69-60 non-conference win here Saturday night.

The hosting Flashes built-up a 14-5 lead after eight minutes and increased it to 37-27 at the half, but a determined Cardinal effort cut the gap to five mid-way through the third quarter.

Exchanges brought the third stop tally to 53-47 before Alan Colwell caught fire to quickly bring Franklin to its final nine point margin.

Colwell netted 20 and brother-earmate Gary Colwell 16 to lead the locals to their fifth win of the year without a loss. Kent Cochran paced all scorers with 21.

Franklin led in all statistical departments, taking edges in shooting 44%-39%, rebounding 32-29 and charity toss conversions 86%-68%.

Triopia, Meredosia Building Programs Approved By Voters

Proposed building programs in two neighboring school districts received the approval of a majority of voters in special elections held Saturday.

The bond issues, which provide for improvements with a combined total cost of \$1.5 million, were placed before voters in Units 27 (Triopia) and 11 (Meredosia-Chambersburg).

Citizens' Advisory committees in both districts had recommended the propositions after studies of present facilities.

In Meredosia - Chambersburg where a \$775,000 addition to the present high school is planned, the proposal passed 424-263.

Voters in Triopia precincts approved their building program, which would include the construction of a new school at an estimated cost of \$810,000, 588-418.

Unofficial returns from District 27 include: Chapin precinct, 141 yes votes, 172 no and two spoiled ballots; Concord, 217 yes, 121 no and eight spoiled; Arenzville 230 yes, 125 no and five spoiled. A total of 1,021 votes were cast.

In District 11 the unofficial count shows: Meredosia precinct, 381 yes, 174 no and 13 spoiled ballots; Chambersburg,

43 yes, 89 no, four spoiled for a total of 704 votes cast.

An official canvass of votes will be completed by members of the respective school boards during their next meetings.

At Meredosia The Meredosia - Chambersburg proposal would provide for moving the junior high school, now located in Chambersburg, to new quarters at Meredosia.

The addition will include a modern gymnasium, a kitchen and cafeteria, six large classrooms for sixth, seventh and eighth graders, two science rooms, lecture space and several offices.

School officials report that the fate of the Chambersburg building, once it has been vacated, has not yet been decided.

It was said that extensive repairs would have been necessary in order to modernize the 50-year-old building.

According to a report presented to school personnel, the new facilities could be ready for use by next September.

Building At Unit 27 Proponents of the Unit 27 bond issue utilized a neatly printed brochure entitled, "Building for the Future of Our Youth."

The pamphlet informed voters that the site will be located at Brown's Crossing, lying "near the geographic center of the school district" and "will provide adequate area for development of a complete school and athletic program."

Presently, students attend high school in Chapin, and have to be bussed from Arenzville to Chapin. Grade school students attend school in Arenzville.

Brown's Crossing is located on the Arenzville - Concord road. "The building, planned as a complete functional junior-senior high school building, will also function as a major portion of an ultimate K-12 Building should the need arise in the future to add an elementary wing to serve kindergarten through sixth grade on this same site."

A K-12 building is one which includes kindergarten through the twelfth grade. The citizens' advisory committee for the Unit 27 bond issue, who were not named on their brochure, maintained that between \$80,000 and \$90,000 would have had to have been spent by 1970 to comply with Illinois Safety Code requirements, and that the spending would not have added any new classrooms.

Most Practical The committee also stated that the building program would presently effect the elementary schools because "it appears" the statement claimed, "to be most practical to have two elementary schools, grades K-6, to be located in Arenzville and Chapin."

The present existing buildings are expected to be used, but will probably first have to undergo some alterations to conform to state safety code laws. The junior-senior high school is expected to "eliminate much costly duplication of facilities. More efficient use of teachers and other personnel will be possible. Lastly repairs and maintenance on some of the old buildings will be eliminated," the pamphlet noted.

NARCOTICS OFFICER TO SPEAK AT CHURCH WHITE HALL - Inspector Clyde Weatherbee of the Springfield Division of Narcotics Control will present a program at the First Methodist Church Wednesday. The event is being sponsored by the Youth Fellowship group of the church. The public, especially those of high school age, is urged to attend.

CHECK SMOKE ALARM Jacksonville firemen made a run to the Harrison Lindsey residence, 422 South West Street, shortly before ten o'clock Saturday morning, when a neighbor reported smoke coming from the house.

However, upon arriving at the scene, it was learned there was no actual alarm. Lindsey was burning some wood in the basement furnace and the smoke had gone out the basement window when the furnace door was opened.

Urge Conclave On Constitution

ZION, Ill. (AP)—A meeting of public officials and private citizens urged a constitutional convention for Illinois Saturday.

The Illinois Assembly on the Plight of Its Cities also recommended:

—Consolidation and reduction in the number of local government units.

—A meaningful state law on open occupancy.

—An increase in local funds through adjustment of debt limits and elimination of local tax rate limits.

—Coordinated planning by all levels of government.

The recommendations came out of a meeting of state and city officials, legislators and educators.

Samuel K. Gove, acting director of the Institute of Government and Public Affairs at the University of Illinois in Urbana, served as chairman of the three-day conference.

The University of Illinois sponsored the meeting.

RETIREES AFTER 44 YEARS

MISS ANNA MANN — Morgan county health department budget consultant Miss Anna Mann (center), who began her service with the department 44 years ago, was honored Friday by members and friends of the department. Seen with Miss Mann are Dr. Rosario Sison, director, and Dr. Robert Davis, president of the board. Miss Mann also served as treasurer and office manager.

She was presented with a gift of two holly trees in appreciation of her years of service.

Miss Anna Mann, retiring after 44 years of service, has experienced numerous changes in health department objectives and operations.

When she became an employee in July, 1922, the staff consisted of a health officer, a public health nurse and an office secretary.

At that time there was but one hard-surfaced road in Morgan county—Route 36 to Springfield.

Communicable disease control has been a major item, at one time requiring quarantine of some diseases. Typhoid fever was one of the major problems during the earlier years.

Immunization programs were conducted, largely through the schools with cooperation of county organizations and at times with the help of farmers who transported doctor and public health nurse over impassable roads to schools.

She experienced the dissolution of the Morgan County Health department in 1932 when the Ayers National Bank of Jacksonville closed, tying up health department funds.

Dr. Hardesty, county physician, assumed the duties of county health officer and at intervals a county public health nurse was employed.

He also leaves four brothers: Frank of Preepert, William of Florida, Harry and Earl, both of Virginia and one sister, Mrs. Ollie Shutt of California.

He was a member of the Ashland Baptist church and was employed by the Illinois Highway Department.

Funeral services will be held at 2 p.m. Monday at the Ashland Baptist church, Reverend Audy Burklow officiating. Burial will be in Ashland cemetery.

Friends may call at the Gainer Funeral Home in Ashland.

MURRAYVILLE - Tommy Dean Dennis, six-month-old son of Mr. and Mrs. Kenneth Dennis of rural Murrayville, passed away at 7 a.m. Saturday at Children's hospital in St. Louis.

He was born at White Hall May 30, 1966; son of Kenneth Eugene and Margaret Elizabeth Lucas Dennis.

He leaves his parents, two brothers, Terry Delaino and Travis Duwane; a sister, Theresa Dawn and his grandparents, Mr. and Mrs. Julius Dennis of rural Murrayville and Mr. and Mrs. Henry Lucas of Monroe City, Mo.

Funeral services will be held at 2:30 p.m. Monday at the Mackey Funeral Home, Murrayville. Burial will be in Murrayville cemetery.

The family will meet friends at the funeral home this afternoon and evening.

The City of Jacksonville carried forward a separate city health department with a small staff.

In 1936 she witnessed the birth of the "well child conference," there now being eight of them conducted in the county each month.

She has been an active member of the board of directors of the Visiting Nurses Association since its incorporation in 1958.

In 1946 the citizens of the county voted a special tax for maintenance of the Morgan County Health department which with help of state and federal funds has continued to operate.

It's almost like watching the birth of a new piece of Broadway choreography entitled "The Drexel Shuffle."

The incoming, unsuspecting citizen approaches the door, bent toward the rightside of the entranceway, now leaning forward in anticipation of leverage on the handle, and then the discovery—the angle of attack has changed.

Recovering sometimes takes two quick shuffle steps to regain balance, but a few of the regulars have it down to merely a feat.

If one is at all agile, it becomes a slight shift from the waist up and then in.

However, position on the door does not necessarily give one the right of entering.

Does it push or pull becomes a second stumbling block.

"I almost tore it (the door) off the hinges yesterday," laughed Bob Ashby, who had just been a victim of the double shuffle step.

For those encountering this for the first time, the door usually receives a momentary stare, as tho the thought was, "Did it work this way yesterday, or was that another building?"

Others, who have already been stopped once, never look back, but the expression is still, "Yea, new door . . . opens this way."

Regulars never bat an eye. It's a one-two procedure and victory!

Harry G. Story, owner of the building, said that an all-glass aluminum vestibule would be installed this week in the interior.

And, you know what that means?

Another door to go thru.

NOVEMBER WARMER, DRIER THAN USUAL

Weather during the month of November in Jacksonville was a little warmer and drier than usual, according to the official monthly figures released Saturday at the WLDs co-operative weather station.

Temperatures for the month averaged 44.7 degrees, which is 2 degrees above the long-term November average although being slightly below the November 1965 average of 46.1 degrees. The highest temperature recorded this November was 74 on the 7th, while the lowest recorded dip of the mercury was 18 on the 3rd.

The precipitation figures show a measurable amount of rain fell here on 8 of the month's 30 days with the total being 2.45 inches. This is considerably higher than the .38 of an inch recorded for November of last year, but is just under the long-term average of 2.52 inches.

The largest one-day amount was 1.02 inches which fell on the 9th.

Snow flurries were observed three times during the month, but none of these were enough to measure.

Stella S. Heint Memorial Will Benefit Library

Plans are being made by the board of the Jacksonville Public Library to redecorate the interior of the library building.

Of interest to the reading public of Morgan County and the City of Jacksonville will be the news that friends of Mrs. Stella Seybold Heint are raising a fund to establish a reading area in the library as a memorial to her. This area will not be completely private but it will have, it is hoped, comfortable chairs, good lighting, magazines and books easily available, a room with warmth of atmosphere. A bronze plate designating the memorial will be placed at the entrance to the room.

Mrs. Heint came to Jacksonville as a young librarian early in the present century. After serving in the public library for a few years she married Frank J. Heint, a young business man of the city, and retired from her job.

Never losing interest in her chosen field, Mrs. Heint had a keen sense of the responsibility of a public library. She helped establish a library in the high school, the Illinois School for the Deaf, and, indirectly, in the Illinois School for the Blind, (now the Braille and Sight Saving School). She was always active in the Joshua Rhoads Memorial library of the Congregational Church.

No mention of Mrs. Heint can be made without telling of her years as a leader of one of the first Campfire groups organized in Jacksonville. She gave a great deal of time and thought in planning the character building activities for the girls and was an unusual leader in every way. This closely knit group attests to the fact that Mrs. Heint urged them to read, read, read. Its members are contributing to the memorial fund.

Toward the end of a long and useful life, Mrs. Heint lost both her hearing and vision. This did not stop her. Courageously she found a way to keep in touch with the world of books by learning Braille and until the last months when ill health prevented kept up this activity until her death.

Contributions to the memorial fund may be sent to Mrs. R. Y. Rowe, Sr. or Mrs. John T. Hackett. Make checks payable to the Stella S. Heint Memorial Fund.

Public Welcome At Candlelight Carol Service

The annual "Candlelight and Carol" service, featuring the Illinois College choir and Chaplain W. Robert McClelland, will be presented at 8:30 p.m. Wednesday. The public is welcome to attend without charge.

The service will include special numbers by the choir and carol - singing by the audience. Senior James E. Broekhouse of Park Ridge, will be the featured soloist, the organist is Mrs. Ronald Brown of Jacksonville.

Broekhouse will sing "For Behold, Darkness Shall Cover the Earth" and "The People that Walked in Darkness" from Handel's "Messiah." The choir, under the direction of R. John Specht, will sing "O Come, O Come Emmanuel," "All Men Now Sing, Rejoice," and two contemporary numbers, "I Sing of a Maiden" by Claude Means and "Three Kings" by Healey Willan.

Soloists for "I Sing of a Maiden" are Jim Meek of Jacksonville, Julia Moss of Chesterland, Ohio, Paul Shaffer of Springfield and Linda Snider of St. Louis.

The vespers will conclude with a candlelight service "in which Jesus is portrayed as the light of the world," according to Chaplain McClelland.

Vocational Ed Plan For Junior Colleges Revealed For Illinois

SPRINGFIELD, Ill. (AP) — Vocational-technical education by a new Illinois system of comprehensive junior colleges will be helped by \$4.5 million in federal funds in 1967-69.

John Beaumont, director of the Illinois Board of Vocational Education, announced during a weekend vocational college conference the funds would be used to equip 10 to 12 public comprehensive junior colleges.

They are to be chosen from among applicant junior colleges who present plans for vocational-technical training.

Beaumont said Illinois could match such federal funds by counting initial equipment for new buildings which the 1967 legislature is expected to appropriate.

During the conference Saturday, Gov. Otto Kerner called the comprehensive junior colleges "the best single hope for increased development of skilled work force of technicians and professionals needed in industry and government."

Kerner also asked the Junior College Board to look into agreements with neighboring states for exchange of junior college students. The exchange would permit students of two states to attend the closest school no matter in which state it was located.

Stresses Importance Beaumont also stressed the importance of the vocational-technical training function of comprehensive junior colleges. He cited health, electronic, food processing, primary metal and data processing fields.

"Hundreds of hospital beds are closed for lack of personnel," he said. "All these fields are desperately in need of the kind of personnel that is called

sub-professional, and that can be available only through programs at the post-high school level."

"One of the greatest weaknesses in Illinois is the availability of equipped institutions to proffer this kind of education," Beaumont said. "They just don't exist."

In the Illinois higher education plans, the comprehensive junior college was conceived as the seat of such vocational-technical education. Colleges providing it may receive a maximum of state aid for construction and operation.

Beaumont said his board was seeking to coordinate the allocation of federal funds to reach the goal of an area vocational high school facility in every junior college district without duplication.

Such high school units would give elementary vocational-technical preparation to high school students before they reached junior college.

United Fund Giving Hits \$100,000 Level

Reports turned in by volunteers Saturday brought the total to date to \$100,246, for nearly 84% of the United Fund \$120,000 goal. Robert Spink and Ralph Troyer, co-chairmen, praised the workers for the fine effort they are making to cleanup their assignments, in spite of Christmas preparations.

Robert Spink said, "We know that the last \$20,000 is going to be the hardest to secure but we still have every reason to believe that, if we can roundup the gifts from all of the prospects, we can reach our goal. The United Fund Office will remain open all of this coming week so that workers can turn in their reports."

The State Institution Division is the first division to exceed its goal. They have reported \$11,492 for 106% of their goal. The other divisions in the order of the percentage of goals reached are: Key Employers \$38,548 - 96%; Professions \$7,519 - 90%; Education \$6,206 - 89%; Finance \$10,178 - 85%; Construction \$7,586 - 81%; Government \$1,487 - 79%; Special \$4,664 - 69%; Business \$11,632 - 60%; and County \$3,732 - 59%.

Employees at the Jacksonville State Hospital are making their contribution to the United Fund a year round project. With over 1200 employees, the largest employee group in the county, participation is a campaign in itself. Their goal is \$7,355. At their report meeting Thursday the total pledged to date was \$4,867. Education & Therapies 11%; Dietary 9%; Administration 83%; Medical Services 55%; and Operation & Maintenance 50%.

Dick Tschetter and Ed Kilham, co-chairmen for the State Hospital employee group, reported that they are organizing a "Second Mile Club," enlisting members that will do a little more than they have already done to enable the hospital to be 100%.

They also said that they were initiating a series of projects that would continue the year round. The proceeds from these projects will go to the United Fund. They will make up the shortage, if any, in this year's goal and then will accumulate toward next year's campaign.

The first two projects under consideration are a "Battle Of The Bands

PN & Party At Robinson Home

The Past Noble Grand club of Jacksonville Rebekah Lodge 13 held its Christmas party Dec. 8th at the home of Doris Thompson with her sister, Ruth Schultz of Springfield as co-hostess and another sister, Louise Robinson, presiding in the kitchen.

A carry-in supper was enjoyed with the hostesses furnishing turkey, dressing, gravy and coffee and members bringing vegetables, salads, relishes and the dessert.

A huge Santa greeted each guest at the door of the beautifully decorated home. Each guest received a memento of the season.

Seventeen members were present from Jacksonville, one from Springfield and the presiding Noble Grand, Althea Mayberry and the retiring Noble Grand, Florence Reeve, as special guests.

A short business meeting was conducted by the president Fern Haigh with Algertie Dowland

secretary and Ruth Wardle giving the treasurer's report. The president conducted devotions assisted by Mabel Lewis, Bertha Green and Ruth Massey.

The club voted to remember the young boy at the Children's Home with a gift and also former member Mary Davis at the IOOF home.

Carols were sung at the close of the meeting with Ruth Schulz accompanist who also read a Christmas poem.

A gift exchange was enjoyed and special gifts from the club were presented the presiding Noble Grand and the retiring noble grand.

EXERCISE THOSE EYEBROWS

To avoid a furrowed brow, look straight ahead and hold your head still. Raise your eyebrows as high as possible. If done properly, you should feel the muscles around your eyes move. Then, bring the eyebrows down as far as possible (your deepest frown). Done 10 times daily, this simple exercise will strengthen your forehead muscles.

Police Need Not Plug Their Ears

Few recent decisions of the U.S. Supreme Court, not excluding that on school prayer, have generated as much controversy, agitation and misconception as those dealing with criminal confessions.

In the wake of the Escobedo case especially, in which the high court ruled that a suspect must be advised of his right to counsel and his right to remain silent, law enforcement agencies and officers have been bending over backward to conform. Some policemen complain that it is they, and not the lawbreakers, who wear the handcuffs.

Comes now the Supreme Court of Pennsylvania to contend that the states have misinterpreted the rulings and bent much too far, at least in instances where courts have thrown out voluntary confessions because they were made before the police had a

chance to inform the confessor of his right not to talk.

In a decision overruling a lower court, which had suppressed a woman's voluntary confession in the death of two boys, Pennsylvania Justice Michael A. Musmanno wrote:

"There is nothing in the federal or Pennsylvania decisions which requires police, upon hearing a volunteered statement by anyone, to order the volunteer to cease talking."

It would appear, said Musmanno, that many judges around the country have been enforcing "supposed rules" the U.S. Supreme Court never intended to lay down.

"Police are not compelled to plug their ears when conscience bursts into the doors and the conscience-bearer bares red hands of guilt."

This begins to make sense.

More Cuban Refugees

For quite different reasons, both Havana and Washington favor continuation of the airlift which has already brought nearly 45,000 Cuban refugees to this country. It thus seems likely that the airlift will keep chipping away at the list of a million or so applicants filed by Cuban exiles in this country.

Unfortunately, "chipping" is an accurate word for the process. At present, refugees are being transported to the United States at the rate of 8,000 to 4,000 monthly. This is a respectable number, but it does not bulk very large against that list of people who want to say farewell to the Castro

regime.

It might be argued that the present flow of refugees is quite enough for the United States to handle. The cost runs into many millions of dollars annually, and the problems of getting the refugees settled over here are not simple. Still, since President Johnson has officially promised the Cuban people that "those who seek refuge here will find it," some thought should be given to speeding up the job. This need not involve a bigger airlift; ships might be used instead, and perhaps at less cost. It is a possibility that merits consideration in Washington.

LBJ To Seek Wider Rights Bill

By BRUCE BLOSSAT

Washington Correspondent
Newspaper Enterprise Assn.
WASHINGTON (NEA) — Very much up in the air at the White House right now is the kind of civil rights package President Johnson may choose to unveil to Congress in his 1967 State of the Union message.

On the heels of the Senate's September action of burying his 1965 package, with its controversial open housing feature, the President said flatly he would have another go at it this January.

Assuming he honors the pledge, the early judgment here is that neither a carbon copy of the 1966 program nor any other major civil rights legislation is likely to get anywhere in 1967.

The incoming 90th Congress is being read, naturally enough, as inevitably more conservative than the 89th. The Republicans' pickup of 47 seats includes six new ones in the Old South, for an all-time modern high of 23. Some replaced more liberal Democrats.

Yet, even though Negro leaders themselves expect nothing from the 90th, there are signs that the President is not prepared to give up so easily.

The arithmetic of the Congress is not quite as bad as it sounds. The milestone 1964 civil rights bill was passed by the 86th Congress, which then had 78 Republicans in the House and 33 (later 34) in the Senate.

Set against those figures, the 90th's "swing toward conservatism" does not look so striking. Totals now are only a bit higher.

Furthermore, some of the incoming Republicans drew surprising numbers of Negro votes. In the party's advertised search for a more winning image, with the 1968 presidential test in mind, more than a few of these particular victors might vote more liberally on civil rights proposals than might otherwise be expected.

The President may decide to bet that they and numerous others in both parties will do just that.

White House sources say he had plenty of advice earlier this year against including an open housing provision in the 1966 bill. Its passage by the House, even though in sharply modified form, surprised the "realists" who told him it would get nowhere.

Johnson's commitment to try again, despite the worsened odds, seems a very strong one.

He could perhaps easily dismiss civil rights in 1967 with a window-dressing statement in the State of the Union message and a token fight on the Hill.

Or, at the least, he could dump the controversial open housing feature and try for the other 1966 elements — an end to racial discrimination on southern juries, protection against terrorism for Negro civil rights workers, etc.

But the guess has to be that he will not content himself with mere wheel-spinning.

It has long been fashionable in liberal quarters to downgrade the President on civil rights, on the score that he came very late to active advocacy of major measures.

The obvious surface fact is that all the big proposals were enacted when he was either President or majority leader of the Senate.

The deeper side of it, hinted at by sources which have no reason whatsoever to give the President points he does not deserve, is that he has been laboring in many ways still unreported. His placing of Negroes in some federal appointments on occasion required hard, though quiet, battling.

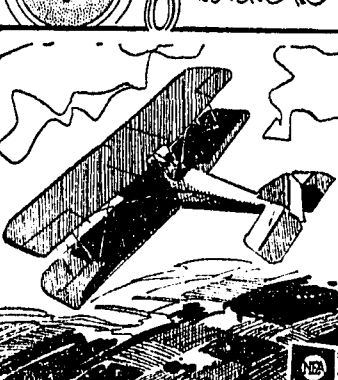

Given his evident commitment, the wager must be that Johnson will work hard in 1967 for the whole thing — open housing, in stronger form than the House-approved bill exempting 60 per cent of existing housing, new legal safeguards for Negroes, possibly even another effort at home rule for the District of Columbia (55 per cent Negro).

Agreeing on this principle was easy. Travel through the rural areas of 13 South Viet Nam provinces convinced this reporter that accomplishing this aim will be exceedingly difficult.

When there's a war going on, the inevitable emphasis is on shooting. Military priorities take

From time to time stories startle the average citizen as he learns of a deserter. Recently, a man returned from China after having spent several years as a fugitive from his native land. What was it that had caused him to take this radical step? What took him away? And what brought him home?

It is a strange and startling situation to try to understand. What is more astonishing is to ask the personal question: Could you be a deserter?

Before you dismiss this as an impossibility, let me tell you of the striking idea of a Norwegian theologian. Per Lønning is a young Christian who has a perceptive mind. It is his insistence that all of us are too defensive, too passive and too willing to lose communication. Says Lønning, "A truth on the defensive, a truth which defends itself instead of attacking, is about to become a lie: it has accepted the questioning position of its opponent." In other words a man can unwittingly become a deserter while he thinks of himself as a loyal defender of truth.

Either we scout for truth or we become deserters. And, as Lønning says, "We sometimes lie by saying correct things which save us from an embarrassing accounting."

It is correct to announce love for one's country, yet simply to say that without actually involving self in the issues of citizenship is deserting without leaving the country.

Just as a man can desert his family without leaving the house.

Just as a man can desert his sense of honor without actually robbing his neighbor.

Just as a person can desert his job by refusing to think, to show any originality and simply to just get by.

serters. We're either out searching for new ways to express our faith or we forsake our integrity. Albert Camus once talked of the cells which existed in the Middle Ages. They called them "little-ease," since they weren't tall enough for a man to stand up in nor wide enough for him to lie down. One had to take on an awkward manner and lie on the diagonal. In such a place there was little ease. The tragedy is that people somehow get used to this kind of lopsided living, settling for it.

What Camus suggests is that there are all too many of us who live out in the open as though we were in those cells. We've never really straightened up, reached out, spoken honestly. We are deserters without leaving home. We are cramped into littleness without being in the cell. We are slaves without having handcuffs on our wrists.

It's a startling thing to know there are men who can run away from their homes, their families or their countries. The deserter is a poignant symbol of defeat. He couldn't take it and so he runs. He earns the disdain of his fellows and the loss of his own self-respect. Yet this tragedy is our personal possibility. Our apathies are no longer tolerable. We're either scouts or deserters. It's as simple and as frightening as that!

Ann Landers:

Protests Teachers' Counseling

By ANN LANDERS

Dear Ann Landers: I am burned up over your taking the side of the teacher against the mother. What do you know about raising a family? I'll bet you've never had any children of your own. You've been too busy handing out advice.

I raised five children so I know what I am talking about. Our kids were just fine until the eggheads from the east came into our school system and began all this evaluation rot. We didn't know what a disturbed child was until the teachers started in with their psychoanalysis.

Today's so-called enlightened teachers take the side of the children against their parents. They make the kids feel unloved and misunderstood. They encourage students to tell everything that goes on in the home—things that should never be discussed with outsiders.

You keep criticizing the spell-

ing of high school students who write to you. The reason our kids can't spell or read or write is because the teachers aren't teaching them. They are too busy practicing amateur psychiatry. Print this if you have the nerve, Ann Landers. I dare you.

—VOICE OF TRUTH.

Dear Voice: Thank you for your point of view. And now let us hear what a college sophomore has to say.

Dear Ann Landers: Thank you for giving teachers the credit they deserve. If it weren't for my English teacher who was also my guidance counselor, I would have ended up in a mental hospital or a suicide.

My father was a handsome, good-for-nothing loafer who lived with at least five women that I know of. Mom had six children to support and she did her best, but it was rough because she was sick in bed a lot. I was the oldest daughter and the responsibility of the house and the kids fell on me.

I was a good student until worry began to get the best of me. I worried about Mom, about paying bills, about my brothers and sisters getting enough to eat and clothes to wear. I began to feel guilty for not quitting school and taking a job. Finally I became exhausted mentally and physically. I wrote to you and you suggested that I see my guidance counselor.

That teacher changed my whole life. She saw to it that Dad supported us and she got my mother to go to a good doctor. She gave me the strength and courage I needed to keep going and through her I gained real understanding of myself and my family. She made me see that I had to continue my education and that nothing should stand in my way.

I am in college now, a place I never dreamed I could be, and if it weren't for that saint of a teacher, I would never have made the grade. Thank God there are such people in the world. I pray for her every night. —SAVED: ONE LOST GIRL

Dear Saved: What a beautiful letter. I'm intentionally not identifying the city you live in. I would like hundreds of teachers to feel that perhaps this letter was written by one of their students. And it well could have been.

Confidential to Never Could Spell: Spelling is the least of your problems. Get rid of that good for nothing "phique" or you'll find yourself in serious trouble.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped self-addressed envelope.

Into The Past

10 YEARS AGO

Dutch elm disease is threatening most of Jacksonville's fine shade trees, says City Forester Jerry Minkin. He says there is no known cure for the malady, but spraying with DDT will protect healthy trees.

Ground for Blackstone House, the first dormitory for the MacMurray College for Men, will be broken next week, with completion scheduled in time to receive the first students in September.

W. L. Cook, retired Chandlerville farmer, died Tuesday in the Walker Nursing Home in Virginia. He was born in Cass county 79 years ago.

The high cost of living has hit our confectioneries and next week the five cent ice cream soda will be a thing of the past. Extracts, gelatin and fruit syrups have doubled in price in recent months, and sugar almost as much. There will be no increase for colas and phosphates at the present.

The Hillview Brick & Tile Co. now has offices in the Ayers Bank building and those in charge over a modern plant will positively be built in the spring, capable of making 40,000 to 100,000 bricks per day. The article will be first class in all respects and will command a ready sale at \$40 to \$100 per thousand, they say.

A load of coal would be a most acceptable Christmas present this year.

Mayor Knowles was arrested yesterday afternoon on a charge of malfeasance of office, on a warrant sworn out by Henry Schoenfeld. This stems from the city breaking its contract with Mr. Schoenfeld by cutting off his water. When he decided to build a second ice plant in this city he was encouraged by the city council, which promised to furnish the water for four cents per thousand gallons. The contract does not expire until May 1, 1932.

No Foods to Cure Colds

By GAYNOR MADDOX

Newspaper Enterprise Assn.

Q—What foods can I serve my children to cure their winter colds?

A—Again, the American Medical Association warns that you can't cure a cold, that so-called advertised "cold cures" are a waste of money. "There is no evidence that any particular foods, or vitamin supplements, have any effect on colds," it states.

Q—What is the best way for me to thaw a frozen turkey?

A—Thaw the frozen unstuffed turkey in the original moisture-proof wrapping in the refrigerator. Or the wrapped bird may be placed in a pan under cold running water.

A turkey weighing 12 to 20 pounds will take about 2 to 3 days to thaw in the refrigerator or 6 to 8 hours under cold water. The time can be reduced for a smaller bird and increased for a larger bird.

The Mature Parent

Take Cold, Objective Look At Unappreciative Mother

By MURIEL LAWRENCE

Newspaper Enterprise Assn.

DEAR MRS. LAWRENCE:

Though I do all my mother's shopping and laundry for her, she complains about me to other people. When my brother and his wife visited, they heard about some mending she had done for me but not a word about how I had cleaned her apartment before they came. I know she also complains about me to her neighbors because they are so unfriendly when I meet them. Why does she want to make me look so mean to other people when I do all I can...

ANSWER: She does it because she's got to.

If you can just settle for this as a fact, her complaints about you will stop hurting you. You won't expect her to appreciate what you do for her. So when she disparages it to other people, her ingratitude won't come as a shock, another wound to you.

Instead, you'll just say to yourself: "Poor mother, she just cannot share credit with anyone. All admiration must belong to her. She's got to tell other people how mean I am to her because it's the only way she can inform them that she's a much kinder, more generous person than I am and so assure herself of their sympathetic ad-

miration."

It is not easy, of course, to see one's parents as they are—as less than those godlike creatures who presided over our helpless childhoods.

So maybe you'd better start thinking back over what you know about your mother—that craving for admiration, for example, that always made any criticism of her so angry; the excessive generosity she used to keep other people in debt to her; the "doing for others" that made such display of her kindness so easy.

You'd better start remembering that the only appreciation she ever really gave you was for some accomplishment that reflected glory on her—a good mark at school, getting asked to the right parties, etc. And so wake up to the truth that efforts she could not credit herself with were always meaningless to her—as meaningless as this housecleaning effort you made for her in which she did not share.

Then, instead of feeling wounded by her failure to report it to your brother, you can just shrug, thinking:

"There's nothing new about this. If mother couldn't get admiration for herself out of things I have done, she's never been able to acknowledge they were done."

Al Morehead points out that there are times when a sure thing double is going to misfire. West didn't have a sure thing double of six spades but he felt that it was sound enough for a bank to lend money at prime rates.

It was mighty sound but it was expensive. South looked at his broken spade suit and good six card club suit and decided that six spades would not make and that six no - trump might.

West doubled six no - trump also and made his best opening lead of the six of hearts. This set up a lot of heart tricks for East and West but it did them no good. South started the clubs and dropped the jack. That gave him six club tricks. Then he went after diamonds and was lucky enough to drop another jack for four diamond tricks. The heart and spade aces accounted for two more tricks and South had made his no - trump slam.

We sort of sympathize with West. South had never rebid clubs and it was extremely unlucky that he would show up with a solid six card suit. On the other hand West had a sure profit at six spades. He need not have been so greedy.

Morehead did not comment on South's bidding, but we will. We just don't like it. We would prefer a three - club rebid to one spade. This would have lost the 4-4 spade fit this time but would not have lost it had North held a different sort of hand. For instance if North had held Spades, K-Q-4-3; Hearts, 10-3; Diamonds, A-10-5-3-2; Clubs, J-2, he would have bid three spades over three clubs and South could have proceeded quickly to what would have been a cinch spade slam.

You, South, hold:
♠ A K 8 7 ♥ A 2 ♦ 5 4 3 ♣ K 9 8 6
What do you do now?
A—Bid four spades. You have a good enough hand to expect to make game but not enough to be interested in a slam.

Instead of bidding three spades your partner has bid three clubs over your one spade. What do you do now?

Caritas Rebekah Lodge observed Brothers Night Dec. 1 at I.O.O.F. Temple with 58 members and guests attending. Lonnie Kitzelman, noble grand, presided and brothers filled stations.

Other brothers not filling stations were introduced by Mabel Bolton and each was presented a gift. Members of Lodge No. 13 and Salem Lodge were present.

Present and past grand lodge officers of all branches of the order, escorted and introduced by Grace Benson, were Claude Armstrong, Elbert Brasel, a 50c gift exchange and pot-luck supper at 6:30 p.m.

Glenn Dickman introduced the assembly appointees made by Margaret Taymon. Pro tem officers were Nan Milburn, Lois McMeans, Mildred Wilkinson, Florence Hagan.

A style show presented by the brothers with Elbert Brasel as master of ceremonies, was thoroughly enjoyed. The ways and means committee was in charge of a cake walk.

Refreshments were served after the meeting by the social committee, Faye Cockerill, Anna Bernice Smith, Emma Baptist and Berneda Dodson.

The next meeting will be a Christmas party, Dec. 15 with Armstrong, Elbert Brasel, a 50c gift exchange and pot-luck supper at 6:30 p.m.

Ancestry Puts Youth 'In Goldfish Bowl'

By JOHN NANCE

put the 27-year-old officer on the spot. He's the third Stilwell to go to war in Southeast Asia. "Pressure?" he said. "Yeah. "Do something right and everybody says, 'Of course, look at his family.' But do something wrong and listen to them howl! "Hey, lookit what Stilwell did now!"

He is the air operations officer with the 1st Battalion, 18th Infantry, 1st Infantry Division. It's a job with responsibility, but Stilwell wants command of a rifle company.

"I'm hoping to get a company in the next couple of months," he said during an operation in the jungles near the Cambodian border.

His helmet was cocked to one side as a bulbous earphone pressed against one ear. His eyeglasses slipped down his nose.

The battalion was establishing an encampment in a clearing deep in War Zone C, about 80 miles northwest of Saigon. Helicopters swirled in with ammunition, equipment and supplies.

Stilwell, with a slight beard on his jutting chin, barked into a field phone. There might have been a resemblance there to "Vinegar Joe," the caustic Gen. Stilwell of World War II who won fame in Burma against the Japanese and with airlifts into China.

The 1st Infantry troops were in pursuit of a Viet Cong force that made War Zone C its home, headquarters and long-time sanctuary.

Jets frequently swooped across the tree tops unleashing napalm and bombs. GIs were moving through the jungles and the air strikes had to be closely controlled. Stilwell spent hours

on the phones, coordinating with air observers, brigade headquarters and troops in the field. During quiet moments, Stilwell with earphones still clamped over his head, sat on a sandbag and worked on a crossword puzzle.

"It's interesting here," he said, "But I'd rather be on the line somewhere. That's the place to be."

He arrived in Viet Nam last summer but was soon called back to the United States when his father, Brig. Gen. Joseph Stilwell II, was lost in a DC3 that crashed in the Pacific between San Francisco and Honolulu. The father was commander of the Special Forces Training Center at Ft. Bragg, N.C. at the time.

Joe III spent two months at home with his mother and sister, then returned to Viet Nam in late September to pick up his assignment.

By Virgil Reither
BEARDSTOWN — Two Mallard drakes, which are pets at the home of Floyd N. Daniel, 1411 Jefferson street, owe their longevity not only to the high regard and care of members of the family, but to the watchful alertness of the Daniel female police dog, five year old Jill.

Neighbors are intrigued by the action of this big dog who guards the ducks day and night. When they stray from the safety of the yard Jill goes after them, either herding them back

home, or carrying each of them (two trips) in her mouth. Jill is very careful not to hurt the ducks and picks them up tenderly. "That dog really takes care of the ducks," Daniel said Wednesday. "And they are not afraid of her. In the summer I've seen them picking gnats off the dog."

Daniel said no stray dogs ever get near the ducks, due to Jill's constant watchfulness. The annual Rotary club pancake supper, dinner and breakfast Dec. 5 at the Yates restaurant attracted a large crowd. About 300 were served, according to Lloyd Miller, who was in charge of the count.

Business men, including Beardstown's top echelon, served and prepared the cakes and sausage and had fun doing it.

Bankers of the two local financial institutions met with Beardstown merchants and others at the Park Hotel Wednesday night and mapped their plans for inaugurating their new Credit Card program here.

DANCE DEC. 11 AT PITTSFIELD COUNTRY CLUB

PITTSFIELD — Plans are being made for the Christmas dinner dance which will be held Sunday, December 11, at Old Orchard Country Club. Dinner will be served from 5:30 to 6:30 p.m. followed by dancing from 7 to 10 p.m. to the music of Lyn Symons.

Members of the committee include Mr. and Mrs. William Grote, Mr. and Mrs. Arthur Harshman, Mr. and Mrs. Carl

Jones, Mr. and Mrs. Charles Fisher, Mr. and Mrs. Pete Cooper, Mr. and Mrs. Charles Barber Sr., and Mr. and Mrs. Richard Lee.

Pittsfield Notes
The ladies of the Altar Society of St. Mary's church will attend Benediction at the church at 6 p.m. Sunday, December 11, then go to the Community Center for dinner and their Christmas party.

Win Certificates
Winners of the Chamber of Commerce \$25 merchandise certificates for the week of December 5th were Mrs. Donald Hunter of Pittsfield, route two, Mrs. Eliza Cooley of Pittsfield, route one, Charles Cooper of Griggsville, and Mrs. Jim Yokem of Pleasant Hill.

Certificates for the December 22nd drawing will include two for \$25 each, one for \$50 and one for \$100. Persons are invited to register at the participating stores, each day. Names will be drawn for prizes on the following Monday.

A daughter was born to Mr. and Mrs. James Yokem of Pleasant Hill at the Illini hospital Tuesday night, December 6.

Luxury Gone Now But Hot Springs Flow On

By PAUL ALBRIGHT
MONTEZUMA, N.M. (AP) — The rich and the famous once traveled to this mountain canyon to bathe in hot mineral springs and relax amid the splendor of a Swiss-style castle. Today the hot springs still flow, but the turreted castle serves as Montezuma Seminary, training ground for Mexican parish priests. Nineteenth-century extravagance has given way to the hushed atmosphere and stark simplicity of a Roman Catholic school dedicated to scholarship.

The dance hall of the old Hotel Montezuma now is a chapel for 400 seminary students, the

salons in the turrets are study rooms, side rooms are used for additional library space. Buildings of the old resort now house philosophy and science seminars.

Students from Mexico study for eight years at Montezuma, six miles north of Las Vegas, before being ordained and assigned as secular or diocesan priests in Mexico.

Why a seminary for Mexican priests in the United States? The Rev. Esequiel Morales, assistant rector of the seminary, said Mexican bishops wished to establish a seminary outside Mexico because of what they deemed government persecution

from 1926 to 1935.

"The bishops of Mexico in their misery confidently look to the Catholics of the United States for help and support for the national seminary," Bishop Ruiz y Flores, papal delegate, wrote in 1935. Pope Pius XII assisted the project. In 1937 the rundown hotel was purchased for \$19,500. Renovation cost \$200,000.

The 172-room main building and the 77-room annex were built by the Santa Fe Railway. The hotel had the first electric elevator in the New Mexico Territory and contained bowling alleys, billiard and gambling rooms and facilities for 1,000 hot-springs baths per day.

Presidents Rutherford B. Hayes and Ulysses S. Grant visited the hotel, as well as the German Kaiser, Japan's emperor, members of the British royalty, and Civil War Gen. William T. Sherman.

World War I closed Montezuma

as a resort hotel. Later it was used by the YMCA and then as a Baptist college. The Roman Catholics purchased it in 1937.

Since the Society of Jesus opened the seminary, 2,247 students have enrolled with 1,345 of them being ordained as priests.

Financial support for the seminary comes from U.S. bishops with help from Mexican church leaders and, of late, from German bishops, Father Morales said.

MUSICAL DEC. 11 AT ASHLAND CHURCH

ASHLAND — The combined adult and youth choirs of the Baptist and Methodist churches will present a Christmas musical at 7:30 p.m. Sunday, Dec. 11 at the Methodist church. The theme will be "Let There Be Peace On Earth."

Mrs. J. H. Douglass will play carols before the concert, beginning at 7 p.m. Special solos will be sung by Bill Schleyhahn, Alvin Brock, Kathy Campbell, Linda Barbee, Marilyn Clomons, Joan DeGroot and Jane Clemens. The youth chorists will sing the "Shepherd's Christmas Story" and Marilyn Fulton will play the flute obligato.

Others participating in the program are Loyd, Edgar and Spencer Thornley, Linda Barbee, Rosemary Campbell, Florence Burklow, Shirley Balance, Elizabeth Frazier, Helen Savage.

Mrs. Bruce Miller will direct the youth chorists choir, and her accompanist is Mrs. Gail Miller. Mrs. J. H. Douglass is the organ accompanist, and Mrs. E. L. Beades is director of the adult choir.

The public is cordially invited to attend.

Headed By Segregationist

Negro Senator May Get Committee Post

By JACK BELL
WASHINGTON (AP) — A switch by Sen. Jacob K. Javits may open a place for the nation's first popularly elected Negro senator to serve on a Senate committee headed by an all-out segregationist.

Javits is reported to have the inside track for a Republican vacancy on the powerful Senate Appropriations Committee. The New Yorker served briefly on this group in 1962 but was dumped from membership when Democrats increased their senatorial margin in 1962.

If senators with greater seniority step aside as expected, Javits will get the Appropriations assignment and give up his post on the Judiciary Committee headed by Sen. James O. Eastland, D-Miss. This may open the way for Sen.-elect Edward W. Brooke, R-Mass., a Negro, to get on Eastland's committee.

Brooke, who visited Washington briefly to interview prospective staff members, said he would be happy to get such an assignment.

Javits was represented as reluctant to leave the Judiciary Committee, where he has been an outstanding advocate of civil rights.

But he is up for re-election in 1968 — if he doesn't land a vice presidential nomination — and an Appropriations Committee spot would give him an opportunity to show what he can do for New York in the field of federal allotments.

Sen. Everett M. Dirksen, the Republican leader, said recently that he will demand that each of five new Republican senators be

given places on at least two major committees.

He said he has not discussed with Sen. Mike Mansfield, the Democratic leader, a change in party ratio on committees. Republicans gained three seats but Democrats still control the new Senate 64-36.

The Republicans permit no member to serve on more than one of four specified committees — Appropriations, Finance, Foreign Relations and Armed Services. This works toward giving freshmen Republicans better assignments than they otherwise would have.

Mr. and Mrs. Ebert C. Walkington

ROODHOUSE — The golden wedding anniversary of Mr. and Mrs. Ebert C. Walkington will be celebrated next Sunday afternoon, December 18th. Friends and relatives are cordially invited to call at the residence, 121 Bates street from two to five o'clock.

Miss Lola Mae Crane and E. C. Walkington were married December 20, 1916 in Carlinville. Nieces of the couple will host the event. The Walkingtons kindly request gifts be omitted.

MRS. WHEELER OF ROODHOUSE NEARS 92nd BIRTHDAY

ROODHOUSE — Mrs. Fannie Wheeler, a resident of the Dameron Sheltered Care Home, will celebrate her 92nd birthday anniversary on Christmas Day.

She will receive special recognition at the home but final plans will depend upon the weather.

Roodhouse Notes

Mrs. F.D. Allman attended a linen shower and tea Dec. 3 in Troy given by Mrs. Paul Simon and Mrs. Nancy Johnson for her daughter, Miss Merrilyn Allman, a teacher in the LeRoy schools.

Miss Allman will marry Elmer Fedder of Winchester on Dec. 26 at the Holy Cross Lutheran church in Collinsville, Mr. Fedder's former residence.

Mrs. Cora Dameron of this city will accompany her son-in-law, Robert Yager, and children, Cathy and Mike, of Granite City, to Phoenix, Ariz. on Dec. 22. The visitors will join Mrs. Yager and daughter, Gail, who are spending the winter in Arizona for the benefit of Gail's health, and another daughter and husband of Mrs. Dameron.

Mr. and Mrs. Mervin Henry received a telephone call Monday night from their son, Lt. Mike Henry. He reported that he, his wife, and daughter will spend Christmas with his parents and brother and sisters. Lt. Henry is stationed near Dayton, Ohio. The rest of his week leave will be spent with her family in Chicago.

Recent dinner guests in the

home of Mrs. Harvey Hull were her son and wife, Mr. and Mrs. Kenneth Hull, Wood River; another son and wife, Mr. and Mrs. Fred Hull, Roodhouse; her sister, Miss Fern Haigh, Mrs. Mildred Silva and two daughters, Diane and Rosemary, Jacksonville; and Miss Mabel Green, White Hall.

Guests in the home of Mrs. Rowena Dean have been Mrs. John L. Robinson, Monticello, where she is an instructor, and Mr. and Mrs. J.O. Hamilton, Carrollton.

Mrs. Pauline Carmody of Des Plaines has returned home after a visit with her aunt, Mrs. George Strowmatt, and others. Mrs. Walter Todd, wife of Roodhouse City Policeman Todd, has a blooming starfish cactus, a rather unusual species of cactus. Mrs. Todd has had the plant two years and this is the first time it has bloomed. There is one large bloom and

one below which has not opened up as yet. The blooms last only a short time.

THIRTY-FIVE AT ROODHOUSE CLASS CHRISTMAS PARTY

ROODHOUSE — The Amoma class of the First Baptist church met in the fellowship room, Tuesday, for the annual Christmas luncheon party. Thirty-seven were in attendance.

Guests included Beecher Wallis, Mrs. Marjorie Ash, Rev. Kelvin McCray, who offered grace, Roy Reynolds, Miss Bernadine Lewis, Rev. H. L. Jannin, Mr. and Mrs. Claude Boson, Mrs. Nettie Story, Dr. N. J. Bucklin, Mrs. Lewis Hudson, Mrs. Hazel Sage, Mrs. Cecile Manning, Roodhouse; Mrs. Charles Travis, Manchester; Mrs. Goldie Quann, Alton. Hostesses were Mrs. Anna

Reynolds, Mrs. Anna Roe, and Mrs. Homer Thompson. Christmas table decorations were provided by Mrs. Anna Reynolds, Mrs. Anna Roe, and Mrs. Cecile Manning.

The teacher of the class, Mrs. J. V. Hawk, Sr., gave the devotion and led the group singing.

Pianists were Mrs. Thomas Navins and Mrs. Roy Reynolds. Mrs. Navins introduced Mrs. Hal Rawlings, soloist for the program, who sang, "Star

of the East."

During the business session conducted by the president, Mrs. Dora Curtis, officers were elected: president, Mrs. Anna Roe; vice president, Mrs. Curtis; treasurer, Mrs. Navins; secretary and reporter, Mrs. Roy Reynolds; teacher of the class, Mrs. Hawk; assistant teacher, Mrs. Roy Reynolds. During the social hour there was an exchange of gifts.

Mrs. Steven Talkington

Jean A. Cantrall And Athens Man Wed Nov. 26th

A ceremony at the Holy Family Church in Athens, Illinois united in marriage Miss Jean Ann Cantrall, daughter of Mr. and Mrs. George Cantrall, 338 East College avenue, and Steven Talkington, son of the Harold Talkingtons of Athens on November 26th.

The bride's sister, Mrs. Daniel Brogdon of Murrayville and Gerald Talkington of Athens, brother of the groom, attended the couple.

The bride wore a white wool suit with beige accessories and carried a nosegay of white carnations. Mrs. Brogdon wore a yellow suit with black and white accessories and her flowers were white carnations.

A dinner was served to members of the wedding party and members of the immediate families at the Heritage House in Springfield immediately following the mid-day wedding.

Since returning from a wedding trip to Missouri the couple is residing at 844 South Park street in Springfield.

The bride graduated from Jacksonville High School and is employed by the Illinois Junior Chamber of Commerce office in Springfield. The groom, a graduate of Athens High School, is employed by Allis Chalmers in that city.

ROODHOUSE CWF ENTERTAINS WSCS GROUP

ROODHOUSE — Members of the WSCS of the Roodhouse Methodist church were guests of the CWF of the local Christian church Tuesday afternoon. Peg Organ, president, welcomed guests and presided during the business session.

Rev. James Organ, pastor of the church, presented the program, "Consultation on Church Union." A discussion period followed. Pauline Kirgan presented the worship, "Christmas." A

trio, Rev. and Mrs. Organ and Muriel Todd sang "O Little Town of Bethlehem" with the group participating on the fourth verse. Serving as pianist was Bessie Rees.

The fellowship benediction was repeated to close the meeting.

Hostesses were Helen Watkins, chairman, and the CWF officers.

Roodhouse Notes

Mrs. Cora Aulgar entertained with a dinner Sunday at her home. Attending were Mr. and Mrs. Carroll Cade, White Hall; Mr. and Mrs. Everett Taylor, Mrs. Minnie Steelman, Patter-

son; and Mr. and Mrs. Lewis Johnson, Roodhouse.

ELECTROLYSIS IS THE ANSWER

First In A Series
Discussing Electrolysis

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the only method which will remove your unwanted hair permanently, and it is definitely not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, almost 100 years ago.

Thousands of women make appointments every week with their electrologists, but very few of them tell their friends or relatives about the exciting results. Most people are too embarrassed to mention face or body hairs, and so the facts must usually be learned from medical columnists or from responsible beauty editors.

Fortunately, there are many skillful electrologists who can remove those tell-tale hairs quickly and conveniently in the privacy of a professional office.

MacMURRAY BAND HOLIDAY CONCERT TO BE DEC. 19

MacMurray's College band, under the baton of Dr. Henry E. Busche, will present a holiday concert at 9 p.m. Dec. 19 in the Irma Latzer Gamble Campus Center. The public is invited.

In addition to the entire 45-piece band, selections will be played by the brass choir.

Band selections include: "March, With Bells On," "The Louvre," "England's Carol," "Carol of the Drum," "Noel Suite," and "Christmas Fugue."

The 15-member choir will present, "Christmas; the Joy and Spirit," "O Little Town of Bethlehem," "The Wassail Song," "God Rest Ye Merry Gentlemen," and "Christus Natus Est."

The Insane Asylum Farm

A hundred years ago this month the agricultural editor of the Chicago Republican visited the farm operated in conjunction with the Central Insane hospital. Here is what he wrote:

I visited the Insane Asylum Farm. It is, in many respects, a model farm of 160 acres, entirely under the control of Dr. A. McFarland, in charge of the hospital. In what respects is it a model?

1. It is a model of neatness. The fences stand up straight and prim, and look as if a stich in time to save nine; in other words, the doctor has exacting standards. The hedges are trim and neat, of equal height. There are no fringes of weeds or piles of refuse to irritate the critical eye and harbor noxious insects. The barns and out-buildings are kept clean, and whatever is of use is used when it may be made most useful.

2. It is a model in arrangement. The farmer cultivates crops best adapted to his wants, and keeps the kind of stock most likely to insure himself against loss from waste. The 300 hospital patients require vegetables and fruits. They are cultivated largely and successfully. The hospital furnishes a lot of unbroken food which is saved and used in the feeding of the "Hospital Breed," which has won so many premiums at the fairs and of which I have before written. Brooms are required in the hospital, broom-corn is grown on the farm, and brooms are made in the shop.

3. It is a model, because what is produced — and I saw meadows with most excellent sward — is not fed in the shape in which it is harvested. It is cut and steamed and fed with the ground and steamed grain. Here is an enormous saving. The food fed swine is all cooked. The manure is saved and all used. In the ears of Illinois farmers, as with a trumpet, that the amount of wealth wasted in Illinois farms for want of care and economical use of their products can scarcely be computed — good culture pays far better than half cultures that the leaks that may be stopped in almost any farmer's management, will make him a rich man in a very brief period.

So said Dr. McFarland to me, in substance if not in terms, as we walked through the grounds to

THE BARN
The barn is built of brick, has a central floor for wagons, stalls for horses on one side and for cows on the other, both facing the floor. At one end is the garner and feed room, where the food is mixed. The same neatness prevails about the barn that obtains on the farm. The plan adopted for fastening the cows (and I do not know but the horses also) struck me as an excellent one.

THE PIGS AND HOG CHOLERA

We traversed the alleys in the neat and convenient piggery, and watched the white youngsters at their supper. The air was good, the pens were clean, and contained an abundance of bedding; the food was well cooked (by steam) and nutritious. The learned Doctor, who stood at my side watching them, and giving me the history of the breed and the steps taken in crossing to secure the model animals before me, was born a farmer; and if the State were to provide for a model and experimental farm on an extended scale, here was the man I would put my finger on as qualified to take charge of it.

"A few years ago," said Dr. McFarland, "the hog cholera raged in this neighborhood, destroying a large per centum of swine on adjoining farms. But, sir, we have never lost a pig by the cholera."

"What is the reason, Doctor?" "Because we keep our pigs clean, give them shelter, good beds, and clean, well cooked food. I am convinced that such is the only reason."

DOES THE MODEL FARM PAY?

I asked the question with a view to get a figure answer. "It certainly does," was the reply. "It yields us an income of full \$10,000, and I think more. That is, it would cost no less than that, I think, if we were compelled to buy for the hospital what it furnishes us above the cost of cultivating it." I understood Dr. McF. to say that near \$5,000 worth of stock is sold from it annually, but I don't find such a statement in my note book, and may be mistaken; at any rate, the income derived from the swine alone is a very large one.

A chain, with a ball on one end, passes through a hole in the front of the manger. To the upper end of the chain a substantial leather strap is attached, which is buckled around the animal's neck. The ball on the lower end of the chain is of sufficient weight to keep the chain straight, and yet not so heavy as to be a burden on the animal's neck. By this means there is no danger whatever that an animal will become entangled in its own fastening. I noticed that each stall was labeled with the name of the animal occupying it.

PERSONAL—We were favored on Tuesday with a friendly call from our recent contemporary of the Carrollton DEMOCRAT, Henry C. Withers, Esq. Friend Withers has recently retired from the editorial charge of the paper and has been devoting his entire attention to his legal practice.

The young people who are inclined to gaiety are looking forward with pleasing anticipations to the grand Fireman's Annual Ball to come off at Strawn's Hall on Christmas Eve.

We are informed that it is the intention to run an additional night express passenger train through here, on and after January 1st next, and the latest improved sleeping cars are to be attached to it for the accommodation of passengers.

Mr. W. W. Sleight, proprietor of the oyster saloon on the south side of the square, has laid us under obligations for several cans of fresh oysters. They were very fine.

There are two ways to get rich — one to advertise in the Gazette, the other to read the advertisements that appear there from week to week.

From the Beardstown Central Illinoisian: **THE SUPPER** — The Sons of Temperance had a fine supper on Thursday evening last, everything was conducted in the best of order. It seems that love, purity and fidelity had complete control of each and every member.

The Chicago Board of Trade has adopted the "Centel," or one hundred pounds, instead of the bushel. It will probably be adopted by the whole county as the word "bushel" does not mean the same in different places.

H. B. DeSollar has on hand and is constantly manufacturing Wagons, Carriages, Buggies, Plows, and various other articles, which he is offering very cheap for cash. He also does all kind of repairing. Give him a call if you want your work done up in a good and substantial style. This gentleman discontinued his paper last week because we presented our bill for two dollars. We wish him success in business.

DOMESTIC

December, 1866
Mrs. Rexford recovered 7,500 dollars for the Seventh Avenue Railroad Company, for the loss of a limb occasioned by the negligence of their officials. It is about time that the grim advice of Punch was adopted, of hanging one of the directors of these railroad cars every week, by way of example.

Queen Emma arrived at her palace in Honolulu on the 20th of October.

A correspondent in Raleigh, N.C., gives a gloomy account of matters in "The Old North State." The regulators are at work, cleaning out Yankees and negroes. A gin house belonging to a Northerner was burned by them, with all the cotton, impoverishing the owner. Semmes, the buccaneer, delivered a lecture at Galveston.

he defended the "Alabama," comparing her to John Paul Jones' ship during the war of the revolution.

Municipal elections were held in several of the cities of Massachusetts on the 12th, resulting generally in the success of the Republican ticket.

The steamer, "Henry Chauncey," sailed on the 11th of December for Aspinwall, carrying the mails for China and Japan. At Panama a steamer of the Pacific line will convey the mails to San Francisco, and thence another steamer of the same line will convey them to Honolulu, Yokohama and Hong Kong. This is the first time these mails have been conveyed the whole way by American vessels.

A man named Captain Jenkins was assaulted by three men in Sweet Water, Tenn., lately, and mortally wounded by a pistol-shot. Before dying, however, he fired at his assailants, killing one outright and wounding mortally the other two, who preceded him in death. —Frank Leslie's Newspaper

FOREIGN

December, 1866
There are vague rumors afloat that the Emperor Maximilian has been offered the crown of Poland under certain eventualities.

Dispatches from the East announce that the Turkish government has ordered a general amnesty to be granted to the insurgents of Candia.

The cholera has again broke out in Constantinople. Telegraphic dispatches from Bombay report the gratifying intelligence that the famine in India is abating.

Advices from London say great floods are devastating the counties of York and Lancaster. Many lives have been lost by drowning.

J. H. Surratt, the alleged accomplice in the murder of President Lincoln, was discovered serving in the Papal Zouaves under the name of John Watson. He was arrested upon a demand of General King, but afterwards ran the guard, leaped over a precipice, and escaped into Italian territory. The Italian authorities are on the alert, and endeavoring to recapture him. —Harper's Weekly

HUMORS of the day

December, 1866
In the beginning woman consisted of one rib. Now she's all ribs, from her belt to the rim of her petticoats.

A miserly, old farmer, who had lost one of his best hands in the midst of hay-making, remarked to his sexton as he was filling up the grave, "It's a sad thing to lose a good mower at a time like this, but, after all, poor Tom was a great eater."

The show-window of a certain corset-maker exhibits a singular instance of illiterate diction. On a card appears the following sentence, "All kinds of ladies stays here."

A "green-un", who had never before seen a steamboat, fell through the hatchway down into the hold of one, and being unhurt, loudly expressed: "Well, if the darned thing ain't holler!"

THE STORE OF 1000 GIFTS

The most recent members of the Welcome Wagon Newcomers club are pictured at the left when they attended the Christmas party Dec. 6th held at the Blackhawk. This group joined the club in November.

Seated left is Mrs. Bill Cheesman of Danville and at right, Mrs. C.D. Brewer of Peru, Ill. Standing left, Mrs. Jerry Pennell, St. Louis, Mo.; Mrs. James Delaney, Indianapolis, Indiana; and Mrs. Terry Flood, Milwaukee, Wisconsin. Other members who joined the club in November are Mrs. Angeles Santos, Mrs. Loren DeFreitas and Mrs. David Ernst.

New officers installed at the dinner meeting are pictured below. From the left, Mrs. Leroy Hardwig, program chairman; Mrs. James Farrar and Mrs. Weldon Fogal, both membership; Mrs. Barbara Walker, secretary; Mrs. James Dohage, vice president; and continuing on the right side (from left) Mrs. Francis Ballard, Yearbook; Mrs. Norman Goldman, secretary; Mrs. Howard Starr, publicity; Mrs. Roger Cannell, president; Mrs. Orville Legate, treasurer and Mrs. Tom Magacz, reservation chairman.

Other officers, not present when the picture was taken, are Mrs. Raymond Wright, assistant secretary-treasurer and Mrs. Julian Brix, assistant program chairman.

Mrs. Alan Harnew

Karen Smith Of Chapin Bride Of Oaklawn Airman

CHAPIN — Miss Karen Smith of Chapin and Airman Third Class Alan Harnew of Oaklawn, Illinois were united in marriage Saturday afternoon, November twenty-sixth. The ceremony was held in Rammelkamp Chapel on Illinois College campus.

The bride is the daughter of the Warren Smiths of Chapin and the groom's parents are Mr. and Mrs. Wilbur Harnew of Oaklawn.

The college chaplain, the Reverend W. Robert McClelland, performed the ceremony at an altar decorated with white glads and blue daisy mums with ferns.

Mrs. Jan Smith of Chapin sang and Miss Shirley Fricke, Chapin, served as the organist.

Miss Ann Dober of Arenzville was maid of honor and Mrs. Donna Hymes of St. Louis, Missouri was bridesmatron. They were gowned alike in empire ankle length gowns of royal blue velvet with matching bow headpieces carrying short blusher veils in a pastel blue shade. Each carried a single long stemmed yellow rose.

Amy Jo Smith, daughter of Mr. and Mrs. Robert Smith of Chapin was flower girl and wore a short full skirted royal blue velvet frock with pastel blue ribbon sash and a bow headdress. Her wrist corsage was of yellow sweetheart rosebuds.

Greg Taylor, son of Mr. and Mrs. Albert Taylor of Concord was the ringbearer.

Don Tyrol of Hartford, Connecticut was best man. Dan Smith of Washington, Illinois, brother of the bride, was groomsmen. Ushers were Steve Joy, Chapin, cousin of the bride and Bob Roth of Oaklawn.

The bride was lovely in a portrait gown of white peau de soie with pearls and sequins embellishing the Alencon lace appliques on the bodice and bell skirt. The dress featured a detachable train. Illusion leaves and pearls were used in the headpiece that secured her veil of nylon illusion. She carried a cascade of gardenias, stephanotis and ivy. Mr. Smith gave his daughter in marriage.

The bride's mother wore navy blue silk shantung with a blue feather hat. The groom's mother was in a rose dress with a matching floral hat. Each wore a corsage of white rosebuds.

At the reception held at the David Smith House on campus these friends and relatives assisted, Miss Sarah Joy, cousin of the bride, Mrs. Patricia Smith, Washington, sister-in-law of the bride; Miss Julie Harnew, Oaklawn, sister of the groom; Mrs. Glenda Becker, Bloomington; Miss Brenda Beets, Arenzville, Misses Jennie Ater, Barbara Ater, Donna Austiff, Pam Cooper, Karen Blum, Betsy McLin, Doris Strickler, Janet White and Beverly Witte, all members of the Triopia High School Future Homemakers of America chapter with Mrs. Charles Ater and Mrs. Norman Austiff, Chapter mothers, supervising. Among the special guests were the bride's grandparents, Mr. and Mrs. H. P. Joy of Chapin.

A dinner was served Saturday night at the Blackhawk for members of the wedding party and out of town relatives from Atlanta, Georgia; Cleveland, Ohio; Kansas City, and St. Louis, Mo.; Monmouth, Springfield, Peoria, Chicago and surrounding suburbs.

The bride graduated from Triopia High School at Chapin and attended Illinois State University at Normal. She graduated from the Weaver Airline School at Kansas City, Missouri and was formerly employed as a secretary at Illinois College. She is now with the Braniff Airlines in its Washington, D.C. office.

The groom graduated from Oaklawn High School, attended Illinois College in Jacksonville and Elmhurst College, Elmhurst, Ill. He is stationed with the Air Force at Fort Myer, Virginia.

The newlyweds will make their home in Alexandria, Virginia.

Newcomers Install At Holiday Party

The Welcome Wagon Newcomers club had a fine turnout for its December Christmas meeting where retiring officers served as hostesses.

Mrs. John Burch, Welcome Wagon hostess, installed the new slate of officers. Mrs. Larry Schmaljohn, president, conducted the business session.

The newly elected club president, Mrs. Thomas Hayes, was forced to submit her resignation as president-elect as she is moving from the city. The vice-president elect, Mrs. Roger Cannell, was automatically moved into the office of president, and Mrs. James Dohage was elected by the membership to the office of vice president, vacated by Mrs. Cannell.

Mrs. Schmaljohn expressed her appreciation for help from her retiring officers and committee chairman and extended her wishes for success in the coming year to the new officers.

Mrs. Jan Blue responded for the retiring officers and thanked Mrs. Schmaljohn for her time and efforts during her term of office the past year.

On November 17th a New Member Coffee was held at the home of Mrs. Ted Elder who was assisted by Mrs. Bob Jess, Mrs. Lawrence Huot, and Mrs. Robert Gerner.

Welcome Wagon Big Sisters introduced the following first time guests, Mrs. Cliff Kopila, Peggy King, Mrs. Raymond Morgan, Mrs. Walter Scheitler, Mrs. Robert Smith, Mrs. C. O. Smith, Mrs. Raymond Milton had as her guest her mother, Mrs. F. Morrell and Mrs.

Everett Abel presented her daughter, Dianne Abel, as her guest.

The table decorations of holly garlands were won by Mrs. John Brooks, Mrs. Roger Cannell, Mrs. Gary Jackson and Mrs. Tom Newingham.

The wreath from the speakers

table was won by Mrs. Everett Abel and a pair of outdoor lamps for Christmas decorating were won by Mrs. Charles Heacock.

During the social hour cards were played and members enjoyed fruit punch with Christmas cookies and candies provided by the hostesses.

The members of the new board will meet Monday, Dec. 12th, at the home of Mrs. Cannell, 1001 Smithland.

Mr. and Mrs. Charles Dawdy

PIKE COUNTY representatives at the recent 1966 Cooperative Extension Council Chairman's conference in Urbana were (left to right) Mrs. Carolyn Myers, Griggsville, and C. A. Gamble, Pittsfield, Extension Council chairman; Harry Wright, farm adviser, and Helen Hackman, home adviser, shown talking with Dr. M. S. Williams, associate director of the Cooperative Extension Service.

Education, Extension Best Bet To Feed Rampant Populations

What the United States has had from its land-grant college system—research, resident instruction and extension education—offers the greatest promise for improving food production in developing nations. But the process of extending this system abroad may be painfully slow, says Herrell DeGraff, president of the American Meat Institute, Chicago.

Keynoting the 1966 Cooperative Extension Council Chairman's conference at the University of Illinois, DeGraff emphasized one of extension's major missions today—the need for continued high efficiency in agricultural production and marketing to help meet world food needs.

"We must produce for our growing population," DeGraff said, "and we have no choice but to contribute to others of the world."

This job must be done out of current production because we now have no surpluses, he added.

An international authority on human nutrition, DeGraff pointed out that as recently as 1950 many of the less developed nations were net exporters of food. But today, because of the change in population growth, these same nations require 40,000 tons of food a year from the more developed countries.

Stretching The Land
"We have a fantastic abundance of foodstuffs in the U.S.," DeGraff noted. "If we compare the availability of food with food requirements, we will find that we have between 40 and 100 percent more than we need of all food except calcium."

And we are feeding our larger population from the same land base we had years ago, DeGraff said. We have accomplished this by "stretching" the land through technology.

CAPSULE 1967 FARM OUTLOOK

The outlook as summarized by the USDA recently is not as good as the favorable 1966 situation.

Cash receipts from farm marketings are expected to increase because of relatively high prices especially of crops but reduced government payments and further increases in operating costs are likely to reduce farmers' net income by perhaps as much as 5 percent. With the exception of '66 though, net income is expected to be the highest in the last 10 years.

Net realized income in 1966 is expected to be around 16.2 billion up more than 2 billion from last year and the second highest on record, exceeded only by 1947.

FROM THE CORN CRIB

A college student was undergoing his physical examination at the Army induction station. "I'll whisper a number from the other side of the room," said the doctor. "If you hear it, please repeat the number to me." The physician then shouted at the top of his voice "Sixty-eight." The sound was so loud the inductee winced. But after he thought a minute he said, "Forty-three."

"That's close enough," said the doctor. "I-A."

BRIMFUL and running over

By Jim Brim

This is a bad time of year for accidents.

What with changing weather, temporary arrangements for decorations, slippery sidewalks, wet and slick streets, etc.

Take extra precautions, allow a little extra time for travel emergencies. Take time to obtain proper wiring materials, be sure decorations are securely attached. Be sure all of your electrical decorative material is Underwriters Laboratory approved and has the stamp of approval on it. Fire is bad at all times of the year, but it is especially tragic at this time of the year.

Now you should . . .

. . . Read John 1:1-18.

. . . Stop drafts in the house, and in the hog houses too.

. . . Look for your Christmas tree.

. . . Oil the furnace fan motor, etc.

. . . Check your furnace belt.

. . . Write letters to friends and relatives—they are welcome additions to Christmas cards.

. . . Sing Christmas carols.

. . . Write a letter to Santa Claus.

Some questions to answer regarding information you probably will need some day. Are correct birth certificates available for all members of the family? Do you have your social security card? Do you and your wife have wills? Have you reviewed your will recently? Since you purchased property? Since your last child was born? Are you aware of state and federal inheritance tax laws? Are your life insurance policies made out to correspond with terms of your will? Does your automobile insurance comply with state law? Does it cover your teenage drivers? Do you have liability insurance to cover injury to persons in your home? Does it protect you if injury is caused by your children, pets and livestock? Do you have liability insurance to cover injury to persons in your home? Does it protect you if injury is caused by your children, pets and livestock?

Helping other countries initiate and develop extension education systems comparable to those that the U.S. has had for more than 50 years could help solve the food production problem, DeGraff believes. But it will be difficult to "catch the young people, educate them and then keep them on the farm" in developing nations.

Passport Off Farm

"You can't educate young farm people to go back to the farms in the rest of the world," DeGraff emphasized. "Education is their passport off the farm."

Such has not been the case in the U.S., he added. "The genius of our system is that we have educated our young people to go back to the farms and improve them."

DeGraff observed that, if population growth continued at the same rate it has maintained since the mid-1600s, world population in the year 2050 would total about 15 billion compared with 3.3 billion today. "But we will not attain this figure," DeGraff said, "because famine, disease, pestilence and war—the Four Horsemen of the Apocalypse—will ride once more and prevent it."

The "biggest world enemy presently is malnutrition," he said. This condition characterizes a population that gets its largest amount of food nutrients—73 percent—from grain, as do most of the people in developing nations. Animal products provide only nine percent.

"The frightening aspect comes when you see it not as a still picture, but as a motion picture," DeGraff said, in noting that population is growing most rapidly in developing countries.

He believes that we are facing a difficult agricultural situation in the U.S. because we have the ability to produce a great deal more than we are producing.

"We need more production," DeGraff emphasized. "But farming will have to be a great deal more profitable than it has been if farmers are to continue farming."

Methodist Stock Roundup Today In Chatham

Some fine Illinois livestock, valued at \$10,000, is headed for Bolivia.

The animals—11 Brown Swiss bulls, 9 Brown Swiss heifers, 10 Duroc boars and 10 Poland China boars—will be assembled at 3 p.m. Sunday at the Bryce Barnes farm a mile west of Chatham, Sangamon county.

Monday they will leave by truck for Miami, and there board a plane for Bolivia. They will be accompanied by two Methodist lay leaders, John Wright of Riverton and Berlin Campbell of Olney. Both men will spend two weeks in South America, visiting mission stations and Heifer Project farmers.

The farmers will acquire the livestock on loan for one year. The first offspring are to be given to the project for further loan and the farmer-caretaker retains the original animal. The Poland China boars are from the herds of LaVern Jones of near Glasgow, Ivan W. Miller of Nokomis and John Smith of Findlay.

Packaging Silage In A Plastic Bag

Low-cost vacuum storage of silage between plastic sheets may not replace upright silos, but some farmers are already using this method to increase their silage-storing capacities.

This fall and winter University of Illinois animal scientists and agricultural engineers are testing a method, developed in New Zealand, to store 25-ton stacks of corn forages. These vacuum-sealed stacks can hold as much as 1,000 tons, says U. of I. animal scientist Waco Albert.

Storage costs are much lower with this plastic "silo" than with a conventional upright silo. But the costs vary with the size of the commercial units, which contain two plastic sheets and sealing apparatus.

Albert says a 100-ton unit costs about \$2.25 per ton for the first year and \$1.00 per ton in succeeding years. A 300-ton unit costs about \$1.38 per ton for the first year and about 70 cents per ton in following years. Normally the two plastic sheets are the only parts of the unit that have to be replaced each year.

How It Works
Here's how Albert explains the vacuum-seal method under test by U. of I. researchers:

Silage is unloaded in a long stack on a heavy plastic sheet.

Illinois Farm OUTLOOK

CORN PRICES DIP UNDER BEARISH DEVELOPMENTS

Corn prices declined more than 20 cents a bushel from mid-August to mid-November. Some decline is normal, but the drop was much greater than usual this year.

There were good reasons for the large decline: (1) Crop prospects, which were quite poor on August 1, improved markedly. (2) Crops in other countries turned out to be better than last year. (3) Farmers swamped local elevators with large amounts of high-moisture corn.

The condition of the growing crop was very critical during July. Prices ran up about 15 cents a bushel. Rains in August and September greatly improved crop prospects. Official forecasts were raised from 3,981 million bushels on August 1 to 4,130 million on November 1. If the crop had deteriorated after August 1, feed supplies would have been very short. But with the improvement that occurred, supplies are adequate to meet all expected needs, though there will be no surplus, or reserve, next fall.

The 1966 sorghum grain crop totaled 731 million bushels, 10 percent more than the previous record set just a year ago—and 36 percent more than the five-year average.

Total supplies of feeding grain in sight on October 1 were equivalent to 7,000 million bushels of corn, or 8 percent less than the year before. These supplies included corn, sorghum grain, oats, barley and an estimate of the amount of wheat that will be used for feed.

Now What?
Some people question estimates of supplies. But the big questions now concern demand. How much will farmers feed to livestock and poultry? How much will foreign buyers take? What prices will they pay? And what prices do corn producers expect to get?

Producers of corn have a demand for it, a "reservation demand." They will hold their corn until they think that prices are at the most favorable level.

Farmers are very bullish. They remember that corn prices went up nearly 35 cents a bushel after harvest last year, and about 20 cents the year before. They know that the surplus stocks are gone—or will be by next summer. Most of them also know that rates of use are up—production of hogs and poultry is up around 8 percent from a year ago. Exports totaled 670 million bushels in the year ended October 1, 21 percent more than the year before.

To Feed Less?
Early-season optimism supports prices for a while, but high prices restrict the amount of corn used and make for weaker markets later in the marketing year. Many market analysts think that less corn will be fed per animal this year than in 1965-66.

Exports in October and November were down about 30 percent from last year. Europe has better feed crops. Argentina has more corn to sell. And sorghum grain is a better buy in comparison with corn than it was a year ago.

With no real reserve stocks of corn on hand, prices will be likely to fluctuate more than they have in most recent years. Price-influencing news will include (1) the volume of exports each week, (2) stocks of corn on hand January 1, (3) farmers' planting intentions (out in March), (4) stocks of corn on April 1 and (5) development of 1967 crops in the United States and other countries.

spread on the ground. A vacuum hose with small holes at about six-inch intervals is placed the length of the stack and four or five inches below the surface of the forage.

Workers then cover the stack with another plastic sheet. The end of the perforated hose protrudes through the top plastic sheet and couples into a line attached to a tractor-powered vacuum pump.

The two sheets are fastened together around the bottom of the stack with a plastic zipper attachment.

Air Pumped Out

Finally, the researchers pump air from the stack for about an hour, repeating this operation every day for several days. The vacuum pumping provides all the necessary compacting.

Vacuum sealing prevents aerobic (oxygen-using) bacteria from spoiling the silage, Albert explains. In normal ensiling, anaerobic (non-oxygen-using) bacteria form acetic and lactic acid. Lactic acid is the major silage preservative.

Vacuum sealing of silage also minimizes loss of nutrients through heat and oxidation, says Albert. Carbon dioxide—not oxygen—helps in proper silage-making.

Fewer Farmers Today, But Federation Grows

LAS VEGAS — At a time when the total number of farms is dropping, the nation's largest farm organization, the American Farm Bureau Federation, Tuesday announced a new all-time high in membership.

Roger Fleming, secretary-treasurer of the Federation, told the organization's 48th annual convention that membership has reached 1,703,908 families—a gain of 26,008 over the previous year.

Fleming said this is the sixth consecutive year Farm Bureau has posted new highs in membership. Texas joined Illinois, Indiana and Iowa as a 100,000 membership state.

He predicted that Farm Bureau would continue to represent an increasingly large percentage of the total number of farmers in the nation because, he said, the organization is "in tune with changes occurring in American agriculture."

Why "Poor Mouth?"
Fleming also told the farmers and ranchers and their families there is no future for them in a "poor mouth" approach to urban consumers.

"Farmers and ranchers need sympathy like they need an other hole in the head," adding, "what they do need is understanding and support." He said the "sympathy" pitch would lead to "government-supervised and stabilized poverty" for farmers.

He added: "There is no inevitable conflict between the interests of producers and consumers. Any time food is produced less efficiently than it can be, the cost to the consumer will be higher than it needs to be."

Fleming developed a number of "myths and realities" that concern farmers.

Where The Votes Are
Among the myths, he said, is the old one which held it was possible to have a government farm program run by farmers for the exclusive benefit of farmers.

Morgan FBFMS Holds Meeting

The winter meeting of the Morgan County Farm Bureau Management service was held Thursday evening at Hamilton's cafe with about 40 cooperators present.

George Shafer, fieldman, reported on a study on corn production on the 10 most profitable farms and the 10 least profitable farms—how the management varied.

Farm Adviser George Trull related his experiences on the Dow Chemical Co. tour which visited 10 states last June and illustrated his remarks with slides made during the tour.

A farmer could roll back the top sheet a little at a time and self-feed from the plastic silo. He might also use a tractor-mounted end-loader to move the silage to a feed bunk. Or, after he has emptied an upright silo, he could refill it to take advantage of mechanized feeding equipment.

Storing silage between plastic sheets could become a low-cost means of increasing the feeding capacity of the upright silo, the researchers say.

Five Experiments

The U. of I. experimenters have stored these five corn forages in the vacuum-sealed plastic silos: normal corn silage; corn stover, or chopped stalks and cobs, called stalklage by the researchers; and fine, medium and non-chopped husklage, or the corn husks and cobs as they come from a picker-sheller.

This winter animal scientists will feed these forages to five groups of eight pregnant beef heifers. They will compare each group's gains and the digestibility and palatability of the forages. Farmers can hear progress reports of the feeding trial at the U. of I. Cattle Feeders Day on April 15 in Urbana.

"This was once the dream of government farm program advocates," he said, but "it is now clear to all but die-hard zealots of yesterday that this is more a delusion than a dream. Political programs inevitably will be influenced by where the votes are—and there are more of them off the farm than down on the farm."

Another myth, Fleming continued, is that large government stockpiles of farm commodities are needed.

Many factors, including the variety of commodities produced, the geographical distribution of important producing areas and the flexibility provided by the livestock economy, make government-owned food reserves unnecessary.

"If reserves are to be maintained," he said, "simple justice demands they not be used to force producers to accept government payments as a substitute for market prices."

Fleming also discussed the role of Farm Bureau, as an organization, in political education and of its members as individuals. He commented: "On November 8, Farm Bureau people throughout the country helped to take a step toward restoring constitutional government."

Morgan Fair Shareholders To Meet

The shareholders of the Morgan County Agricultural Fair association will meet Wednesday, at 6:30 p.m., for chili, ice cream and coffee at Farm Bureau hall. Reports on last year's fair will be given and preliminary plans as now developed for the 1967 exposition will be discussed.

A. Paul Johnson will preside and will introduce the new association directors to serve three year terms: William R. Hudson, J. William Davis, Meyer, A. J. Stewart, Amos Western, Robert Middleton, Byron Lewis, Wilson Henderson, Lawrence Crawford and Donald Richardson.

Howard Becker was elected to serve on the board one year to fill a vacancy and Johnson was elected to return to the board for a full term.

Secretary Ernest Savage will give his report to the shareholders.

Following the general meeting the directors will elect officers to serve for the coming year.

The Corn Champs Of Section 15

Steve Oakes, Daryl Bangert, David Vortman

STEVE OAKES, Daryl Bangert and David Vortman, students in the Bluffs high school, made the three highest corn yields in this FFA section of the state with yields of 183.2, 182.5 and 180.2 bushels per acre.

These yields were made under the supervision of their vocational agriculture instructor, Bernard Goetze. At the time the corn was weighed, shelled corn samples were also taken and a moisture test was made and the yield figured on the basis of No. 2 corn with 15% moisture.

Steve and Daryl planted Pioneer 314 and David used Pioneer 3304. FFA Section No. 15 includes the counties of Morgan, Scott, Greene, Calhoun, Jersey and Macoupin. There were 13 high schools and 143 boys entered in the Pioneer corn growing contest this year.

All vocational agriculture students are eligible to enter this corn growing contest and free seed corn is supplied to all students who enter. Cash awards of \$25, \$15 and \$5 are given to the three students obtaining the highest yield in each FFA section of the state.

In the state there were 3078 boys entered in the contest this year from 294 high schools. State winner was Kent Kruke, with of Homer, Champaign Co., who produced 267.9 bushels per acre with Pioneer 321. He received a wrist watch in addition to the \$25 cash award for highest yield in his FFA section and a golden ear trophy was awarded to the agriculture department for having the State FFA corn growing champion for 1966.

The boys obtaining the 10 highest corn yields in this FFA section for 1966 were as follows:

1. Steve Oakes, Bluffs, 183.2.
2. Daryl Bangert, Bluffs, 182.5.
3. David Vortman, Bluffs, 180.2.
4. James Clayton, Jacksonville, 174.2.
5. Robert Armstrong, Jacksonville, 172.2.
6. Mark Albers, Bluffs, 163.9.
7. Paul S. Wehrley, Jerseyville, 160.2.
8. David Curtis, Bluffs, 157.1.
9. Jerry and Steve Gwillim, Piassa, 155.7.
10. Terry Rather, Bunker Hill, 153.9.

Here are the boys' own stories of how they produced their exceptionally high corn yields.

STEVE: My Pioneer corn plot was located in the Illinois River bottom and consisted of Class I sandy loam soil. We plowed under 1200 lbs. of 2-12-26 fertilizer 10 inches deep during mid-April. The land was in a clover-alfalfa mixture last year; and after plowing I prepared the seedbed by pulverizing once and harrowing once.

The plot was planted on April 29 at a plant population of 26,000 plants to the acre in 38 inch rows. A herbicide was used at planting time and Aldrin was applied late the previous winter.

The growing corn was cultivated twice, and 150 lbs. of anhydrous ammonia was side-dressed after the second cultivation. The yield check was made on Oct. 26 and the moisture was 16.5 percent. I received a B ribbon on the corn when I showed it at the Section 15 grain show this fall.

DARYL: After plowing the clover sod under this spring for my corn plot, I double disked and harrowed the sandy loam bottom ground.

The corn was planted on April 28 in both 40" rows and 20" rows at a population of 27,000 plants per acre. The fertilizer program included plow-down and side-dressing, a total of 120-123-100 pounds.

On July 15 we drove a sand point and irrigated the corn as needed. I showed 6 stalks of the corn at the Scott county fair and won 1st place among the 18 entries; and at the Section 15 grain show I won 2nd place out of 32 entries in the 20 pound ear corn sample, judged on shelling percentage, moisture and test weight.

My Vo. Ag. teacher and I

checked the yield on Oct. 24 and we determined the 20 inch rows to outyield the 40 inch rows about 7 bushels per acre.

My plans are to irrigate sooner and to improve my fertility program during 1967 growing season.

DAVID: I plowed under 250 pounds of 5-20-20 per acre of fertilizer. The field was in corn the last 3 years, and is located in a creek bottom.

After double disking the corn was planted June 1 at a plant population of 18,000. Also, at planting 180 pounds of 7-28-14 starter fertilizer was applied and Knoxweed and Aldrin were also put on at this time.

The corn was cultivated twice and 60 pounds of actual nitrogen was side-dressed after the second cultivation.

Morgan Natives Win Missouri Farm Award

Mr. and Mrs. John Roegge, natives of Morgan county, were among the three winners of the 1966 Eastern Missouri Balanced Farming Awards.

They live in Monroe county and the Monroe County Appeal, a weekly published at Paris, the county seat, has this to say about the Roegges:

"Mr. and Mrs. John Roegge and family have been renting a 600 acre farm and recently purchased a 275 acre farm north of Paris. They have as their major farm enterprises grain farming and livestock."

"This year they had 370 acres of soybeans and 100 acres of corn."

"They market around 750 hogs per year from their herd of Chester Whites. They have been improving their swine herd with registered stock and their herd boar took Grand Champion at the Missouri State Fair."

"They have a herd of 24 registered Hereford cows which help round out the farm operation."

"The family, John and Eleanor, with John and Carolyn; in the church choir."

"They are noted for their enthusiasm, whether it is working or recreation."

Roegge is the son of Mr. and Mrs. Edgar Roegge, route 1, Jacksonville, and Mrs. Roegge is a daughter of Mr. and Mrs. Everett Mason, route 3, Jacksonville.

COLD WELDING IN SPACE

By Walter B. Hendrickson, Jr.

The airlessness of space often causes two materials to weld together when they touch, this is called cold welding. This phenomenon is being investigated by two 9-inch-wide satellites, like the one shown above, launched separately by the Air Force in mid-1966.

These nine-pound satellites are the fifth type of Orbital Vehicle used in the Air Force's Aerospace Research program. So they are called OV5-1 and OV5-2. They were developed by TWR, Inc., under the direction of the Air Force Rocket Propulsion Laboratory at Edwards AFB. This is a unit of the Air Force Systems Command's Research and Technology Division.

World's Smallest Satellite TWR calls the tiny OV5 satellites the world's smallest satellites. Actually, the grapefruit-sized 3.4 pound Vanguard I is smaller. However, all Vanguard I can do is report on temperatures in space. The cold welding experiments of the OV5 satellites are much more important.

The Air Force is interested in determining what effect cold welding will have on the switches and other devices where metals frequently come in contact with each other.

Each OV5 satellite carries four solenoid (wound electrical conductors) valves and a solenoid actuator powered by batteries and solar cells on the outside of the satellite. The valves and actuator will touch metal to metal thousands of times while the OV5 satellites are in orbit. The surfaces are made of different combinations of metal and are constantly exposed to the high vacuum of space.

These tests will show how often cold welding occurs between metals used by rockets in space. They will also show how tests in simulated space environment chambers on earth compare with extended operations in actual space conditions. Later tests are planned to study the heat transfer processes of liquids in gravity-free space.

The National Aeronautics and Space Administration's worldwide Satellite Tracing and Data Acquisition Network receives test data from the OV5 satellites and relays it to the Rocket Propulsion Laboratory engineers at Edwards.

Story Of Christmas

By John Rankin

Gordon was cycling along when he saw a familiar sight—a faithful dog Pierre leading his blind master Mr. Frazier. But this time there was a puzzling and disarming difference. Pierre was leading Mr. Frazier right into the traffic. Was Pierre losing his eyesight too?

Convinced that this was the case Gordon left his bicycle at the curb and ran out to the hapless and highly confused pair.

"Maybe I'd better help you home, Mr. Frazier," he said as nonchalantly as he could.

With a grateful smile the elderly man looked with sightless eyes in the general direction of his youthful friend. "That is right kind of you, son," he said with feeling, and extended his arm.

At home in the living room that night Gordon's mother took up her knitting in a chair near the window and heard his story through of the unfortunate developments concerning old Mr. Frazier and his Seeing Eye dog—including the breathtaking incident at the intersection.

At the conclusion she looked up with furrowed brow to ask simply, "Is the dog blind too?"

"Oh not really, but he might as well be," Gordon declared. "He can see real close objects pretty good, but unless his eyesight gets a lot better so he can see traffic lights and things he's through as a Seeing Eye dog! The police have already complained to Mr. Frazier about him."

Why Not New Dog?

Gordon's mother let her hands rest in her lap as she gave him a questioning look. "Then why doesn't the old fellow get another dog? I'm quite sure there is an organization of some kind that looks into such matters."

Gordon spread his hands in a hopeless gesture. "Yeah, but you see, Mom, they won't let him have another dog unless he gets rid of Pierre, and that's where the trouble comes in. He says he'll never part with Pierre even if he has to stay shut up in his room till doomsday."

Prayer Poem

The Stilly Night

By Mary Pence Claywell

Often in darkness . . . when everything's quiet . . . We drag out our troubles, Dear Lord . . . in the night: We picture the past . . . every heartache that's known . . . And wrongs, long since dead, just won't leave us . . . alone: We picture how life might have been sweeter then, And we keep asking God . . . to repent folk of sin: We sorrow for sons . . . over there, in Viet Nam . . . Yet short arms can't reach them . . . or great oceans span: We ponder on things, that we "need," want and like . . . And see others slipping . . . as PRICES STILL HIKE; We long for our loved ones, who first gave us birth, Forgetting they're freed . . . from the old troubled earth: On and on, in the stilly night, pillows soak tears . . . Just as they have, Lord, throughout all the years: Yet, once we are quiet, and admit You know best . . . Before morning breaks . . . Thou Giveth us rest: But always, we know, though Thou giveth us Light . . . There'll be tear-soaked pillows, forever at night . . . And why it is so . . . in wisdom, we see . . . It's those wet, tear-soaked pillows, that DRAW US . . . TO THEE!

Let's Go Birding

The Blue And The Gold

By Emma Mae Leonhard

Many colleges and secondary schools display blue and gold as their loyalty colors. Nature, not to be outdone, can boast a display of the same colors even in the late fall. She may defy all rules, but she usually contributes a surprise for all of us who see.

On November 11, yes, on Veterans Day, we were witnesses of such a natural display. As we were hiking along a fog-enveloped trail, we saw five bird forms perched on the telephone wires which stretched in front of us. Although they were of different sizes, we weren't too interested; we carelessly supposed that they were Starlings inflated or deflated in the heavy mist. In fact we forgot them as we were listening to the lovely song of the Fox Sparrow.

Deciding to try another birding spot, we boarded our car and drove on down the road. The mist was floating away. Soon we discovered five bird forms again: two on a telephone wire to the left, two on the wire fence to the right, and one on the fence post. We succeeded in getting fairly close to them, for birds don't seem to fear people in a car.

Bird of Spring

We discovered that the two to the left were Bluebirds; we saw the telltale blue as they flew on down the wire, and recognized the round-shouldered, humped profile characteris-

Santa's Shindig

By Christine Hembrugh

Been thinking about throwing a Christmas Party, but haven't got any good ideas? Well, how about these.

The decorations are quite simple. First and most important is a Christmas tree. Hang Christmas cards, and candy canes from the ceiling. Hang mistletoe. You can also twist green and red crepe paper from the ceiling to the door knob, from the chair legs, to the lamps. Just unleash your imagination.

Tasty Centerpiece

Here is a delicious "centerpiece," but I suggest you put it at the end of the table as it might obstruct someone's view.

Caramel Snowman

- 28 Caramels
 - 2 qts. popcorn
 - 2 T. water
 - Candies
 - Large and miniature marshmallows
 - Toothpicks
- Melt the caramels with 2 tbs. of water in double boiler or saucepan over low heat, stirring occasionally. Pour over salted (popped) popcorn until every "blossom" is coated. With hands slightly moistened with cold water, shape caramel corn into two balls; press together. Let stand until dry.
- Make face and buttons with candies. Hat is paper souffle cup covered with black crepe paper.
- Make snowmen by sticking together two large marshmallows for head and body, two miniatures for each arm or leg. Make eyes with candies.

tic of Bluebirds. Here was our "bird of spring and summer" loitering too long in the fall and challenging the approaching winter.

Involuntarily we hoped that the snow wouldn't be too merciless with one of our favorites. The bird on the fence post was also a Bluebird. As we gazed down upon it, its sky-blue coat reflected back to us.

To complete the picture, the two birds on the fence grew yellower and yellower in our view; they were Goldfinches, not yet wearing their brownish-gray winter coats. They, too, were the season's procrastinators and seemed reluctant to relinquish their gold and black coats to their drabber winter ones.

Knowing that Goldfinches remain with us during the winter, we also involuntarily hoped that nature would provide plenty of food for them during the months of snow and ice and cold winds. Above everything else we were human enough to welcome the blue and gold colors which nature offered so unexpectedly to us on November 11.

Clifford McCarl
Of Barry Dies,
Services Sunday

PITTSFIELD — Clifford McCarl, 84-year-old Barry resident, passed away at Barnes hospital in St. Louis at 9:30 a.m. Friday. He was a retired mail carrier.

Born in Missouri Sept. 13, 1882; he was the son of Levi and Emma Wagy McCarl. He was married April 19, 1911 to the former Gladys McTucker, who survives.

Mrs. McCarl also leaves a son, Charles of Barry; one brother, Clarence, also of Barry and three sisters: Mrs. Ada Bell, Kinderhook, Miss Lena McCarl and Miss Lela McCarl, both of Barry.

Funeral services have been set at 2 p.m. Sunday at the Lock Funeral Home, Barry. Reverend Robert Byler will officiate and burial will be in Park Lawn cemetery at Barry.

Mayme Jones
Dies, Set Rites
At Greenfield

GREENFIELD — Mrs. Mayme Jones, 78, wife of James W. Jones of rural Greenfield, passed away at 11:05 a.m. Friday at Boyd hospital in Carrollton where she had been a patient five weeks.

Born in Macoupin County Dec. 24, 1887; she was the daughter of William and Anna Crossland Wood. She and Mr. Jones were married on Christmas Day 1912. She leaves her husband, a sister, Mrs. Melvin Brown of Greenfield; one brother, George Wood of Greenfield and several nieces and nephews.

She was preceded in death by three children, including a son, William, who was killed in a plane crash while serving with the Army Air Corps in October, 1944.

Mrs. Jones was a member of the Greenfield Methodist church where funeral services will be held at 2 p.m. Sunday. Reverend Roy Doll will officiate and burial will be in Oakwood cemetery.

Friends may call at Shields Memorial Home. The body will be taken to the church one hour before time of services.

Four Vehicles
Damaged Friday

Four vehicles were damaged Friday afternoon and evening in two separate accidents on city streets, according to reports filed by city police.

One vehicle was heavily damaged as a result of a mishap about 7:30 p.m. near the intersection of West Morton and Diamond.

A westbound auto, driven by Joyce M. Henley of 1302 South Main was stopped in the lane of traffic waiting to turn left, when a second westbound auto, operated by Gerald L. Ashbaker of route one, Murrayville struck the Henley auto.

The Ashbaker vehicle was removed from the scene.

About 3:30 p.m., two vehicles were damaged in front of Jacksonville High school on West State street when a eastbound auto, driven by Dennis W. Cox of 517 East Morton stopped to let pedestrian traffic clear.

Cox's car was struck from the rear by a vehicle driven by Cheri Wellenreiter of 911 South East.

Holloway Rites
Conducted Here

Funeral services for Mrs. Lula M. Holloway, wife of Earl Holloway, were conducted at 2 p.m. Friday at the Williamson Funeral Home. Reverend William J. Boston officiated and Nan Johnson, soloist, was accompanied by Ruth Rexroat at the organ.

Caring for the flowers were Delores Halligan, Wanda Herring, Madeline Taylor and Evelyn Craddock.

Pallbearers were Howard Gutekunst, Clarence Smith, Mike Herrin, Eddie Leach, Jimm Bates and Danny Artholony.

Burial was in Memorial Lawn cemetery.

Kuhfuss Motion
On Cotton Acres
Beat In Vegas

LAS VEGAS, Nev. (AP) — Members of the Farm Bureau Federation wound up their convention Thursday by voting down a proposal to eliminate the federal cotton allotment program.

The roll call vote was 86 to 76 against a policy statement amendment that would have led to elimination of the cotton allotment.

The South and Southwest drew support from Iowa and Indiana to defeat the amendment in the first roll-call vote at a Farm Bureau convention in several years.

The debate opened after William J. Kuhfuss of MacKinnaw, Ill., president of the Illinois Farm Bureau, proposed an amendment that would give cotton growers the option of getting out of the allotment program and grow as much cotton as they wanted.

Kuhfuss said that when wheat and feed-grain programs were relaxed with such an option, the farmers were able to move away from tighter government controls. He said fewer farmers signed up for the allotment when they were given a choice.

The opposition by the southern delegation was led by Boswell Stevens of Macon, Miss., who asked for more time to work off a 16.8 million bale cotton surplus. He is president of the Mississippi organization.

On the roll call, 162 of the 169 delegates voted. In defeating the proposal the division of votes put the Northeast, the Upper Midwest, the Far West and Illinois in favor of the amendment.

The South and part of the Southwest, along with Iowa and Indiana, combined to defeat it.

To Study Farm
Bureau Policies

Morgan County Farm Bureau officers and committee chairmen will go to Decatur Wednesday to attend a conference dealing with a study of the resolutions adopted by the American Farm Bureau Federation at its annual meeting held in Las Vegas last week.

It will be a luncheon meeting, beginning at 11 a.m. at the Orlando hotel.

Those scheduled to attend are Cary Strang, president; Harold E. Hembrough, vice president; Mrs. Robert Houston, chairman of the Women's committee; Merle Sayre, chairman of the Young Peoples' committee, and the following directors, Clyde York, Paul S. Black, Robert Nickel, Lloyd Smith and Roy Van Gundy, Jr., and Organization Director John W. Chambers.

CORN AND SOYBEAN
CLINIC DATES SET

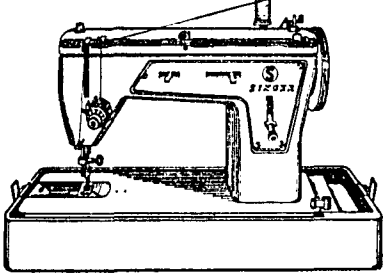

Farm Adviser George Trull spent four days in Urbana last week working with specialists from the agronomy department of the U.I. College of Agriculture and learning the latest developments in that field.

He will impart the information gathered at nine county "Corn-Soybean Clinic" meetings to be held in west central Illinois early next year.

The Morgan county clinic will be held Feb. 16 and Feb. 23 at the Blackhawk restaurant.

Late JHS Rallies Fall Short Of Griffin, 71-67

Early Going Difference In 2nd Loss

SPRINGFIELD — Griffin High school, after building up a 14-point lead in the first period, fought off the determined efforts of Jacksonville High school, here Friday night, 71-67, in the opening Capital Conference basketball game for both teams.

The Crimsons whittled the lead of Griffin to one point several times in the third period but could never grab the lead. JHS knocked four points off the Cyclones' lead to leave the halftime score at 43-33. The Crimsons picked up three points more in each of the last two quarters.

Griffin's Cyclones, last year co-champions of the Capital Conference, ran their record to 3-0 on the season and 1-0 in the conference. Jacksonville is now 0-2 overall and 0-1 in the conference.

Jacksonville's quest for the lead in the third and fourth periods was stopped by the rebounding of the Cyclones. Down by one point, 47-47, in the third stanza, JHS allowed Griffin three consecutive baskets on second and third shots by Pat Sponsler, Mike Cooney and Joe Kohorst.

Cyclones Start Hot Griffin jumped out into a quick lead early in the first quarter, 15-4. Sponsler, Cooney and Kohorst were all hot. In the first period the Cyclones hit on 12 of 20 shots from the floor.

The Crimsons, in cutting the lead to ten points in the second quarter, used a full court press and forced the Cyclones to make mistakes. Three times in the quarter Griffin was shooting free throws and missed, but the middle man each time pulled the rebound down and put it back up for two points. Stu Horin and Cooney were responsible for the six points.

JHS put on the pressure starting the second half, and Griffin did not score until Cooney sank a free throw with 4:20 left in the quarter. With two minutes left, Bob Donovan was substituted for Robin Manker. Donovan, in the game for the first time, proceeded to score 13 points in the next ten minutes. Cooney kept the Cyclones on top in the 1-point quarter with seven markers.

Back And Forth After the one-point difference in the third quarter, the Crimsons could never get closer than four points as the Cyclones began to find the range. The fourth stanza was a see-saw affair with both teams trading scores. With 33 seconds left, Cooney stole the ball for Griffin and drove for a layup. Rich Coble fouled him, which ended the issue, although Abe Brown put two more

points in for the Crimsons. Brown was the high man for JHS with 19 points, but Cooney took game honors with 20 points. Griffin put four starters in double figures, Horin with 16, Kohorst with 16, Sponsler with 17 and Cooney.

Donovan was second for JHS with 13 points in only ten minutes. Manker meshed the nets for 10 points.

Griffin had an advantage in the rebounding, grabbing 43 to the Crimsons' 33. Horin led the pack with 13; Cooney grabbed off nine. Sophomore Duane Mounts paced JHS with 10, and Duane Hess picked off nine.

Although the Cyclones hit poorly in the second half, their first half shooting gave them a 29-71 for 41% from the floor. Jacksonville was 30-81 for 37% from the floor. There was no difference from the charity stripe except that Griffin had more chances. The Cyclones hit on 13 of 25 for 52%, while JHS put seven of 13 through the net for 54%.

Balanced Attack Pushes Ashland To 83-62 Victory

ASHLAND — Ashland put four starters in double figures and defeated Tri-City, here Friday night, in a Sangamo Conference contest, 83-62.

Mike Hardy (22), Jack Reiser (19), Calvin Forman (17) and Dave Klein (13) paced the Ashland attack. Hardy, Reiser and Klein shared 54 rebounds.

Al Kitchen paced the Tri-City effort with 24 points.

Ashland is 2-0 in conference play and 5-2 overall. This was Tri-City's first conference game.

Southwestern In 74-70 Overtime Win Over Hawks

CARROLLTON — Sophomore Ken Schrier grabbed off a Carrollton pass and scored the game tying bucket with :03 remaining that moved Southwestern into an overtime period and an eventual 74-70 IVC conference victory over the hosting Hawks.

Trailing by 57-48 going into the final eight minutes, Carrollton surged to a five point lead late in the frame, but lost it in the final :42 as Schrier and teammate Dick Lister found the mark.

The win was the visiting Birds' first of the year against two setbacks, while Carrollton now stands 1-3 on the year. Both clubs hit at a 39% clip from the field, with Carrollton gaining a slim rebound edge on the work of Ron Stuart.

Bluffs Nips Routt In Twin Overtime

By BUTCH BENDING

The Bluffs Bluejays defeated the Routt Rockets Friday evening in a thrilling double overtime contest behind the hot shooting of Murray Moore, 54-50.

Moore, who scored 25 points for the Bluejays, hit the last four in the second overtime period.

Moore scored 12 of his 25 points in the second quarter, which saw Bluffs close the eight-point gap that the Rockets had opened up after the first period of play to give them only a one-point deficit at the half. The game marked the opening of the Routt gymnasium.

Routt seemed in control throughout the first half of play, and wasn't bothered by the half court press employed by the Bluejays. The press took its toll in the second half of play, with the Bluejays forcing Routt mistakes at crucial times.

Rocky Engelbrecht was the hero of the regulation play when he stole the ball and raced the length of the court for the basket that knotted the score at 20-20 with seven seconds remaining in the game.

Chuck McNeely with 32 seconds remaining had pulled the Rockets ahead with a 15-foot jump shot that made the score 49-48, and made one of his two free throws attempts, for a 50-48 Routt margin.

Hurt By Fouls The turning point in the ball game for the Rockets was the fouling out of Dick Zeller with 3:55 remaining in the fourth quarter. Without him the Rockets lost their rebounding ad-

vantage on the offensive boards. Before this they had 11 offensive rebound to six for the Bluejays.

McNeely led the Routt offensive attack with 18 points, with most of his help coming from Don Fernandes who scored 12.

In addition to Moore's 25 points Dave Vortman scored 13 points before he fouled out with 2:48 remaining in the fourth period.

The second period was all Moore's as he scored 12 points, all of them on jump shots from ten to 20 feet. Engelbrecht added the other Bluejay score in the period with 4:10 remaining in the half. Fernandes kept Routt ahead with two baskets in the period. The score stood 22-21 as the gun went off for the end of the half but Zeller was fouled on the last play and sank a free throw to make the score 23-21 to open the Routt gap.

Back And Forth The score changed hands three times during the last period with the Rockets scoring first on a 12-foot jump shot by Fernandes with 7:53 remaining in the quarter. Moore came right back and scored for the Bluejays and knotted the score at 40-40. Bluffs then went ahead on a 20 foot jump shot by Vannier, 42-40. McNeely knotted the score again on a 15-foot jump shot 42-42. Bluffs opened up a four-point lead only to see it lost to the Rockets on three baskets by Fernandes, Welsh, and McNeely. The score then stood at 49-47 when McNeely missed his chance to ice the game for Routt with two free throws, but he missed one to make Routt's advantage only three points 50-48. Moore had made a free throw to give the Bluejays their one point.

This set the stage for Engelbrecht who stole the ball from McGinnis and scored to knot the score at 50-50 with seven seconds remaining in the game. Routt was not able to score and the regulation play added with the score 50-50.

The first overtime period saw neither team score as they both stalled for one shot and missed. The score remained 50-50 after the first overtime period.

Bluffs controlled the tip opening the second extra period and again stalled for one shot and missed. Moore hit a 15-foot jump shot 50-50 and the game was tied again with 13 seconds to play to give the Bluejays their 54-50 margin.

The pairings and seedings for annual Pike County Tournament to be played four days this coming week have been completed. The affair will be staged Monday, Tuesday, Wednesday and Friday at Pleasant Hill.

Monday's games will pit top-ranked Calhoun and Brussels at 6:45 and second-seeded East Pike versus Barry at 8:30. Tuesday's game pair Pleasant Hill and Perry at 6:45 and Griggsville vs West Pike at 8:30.

The semi-finals will be held at the same times Wednesday and the finals Friday evening.

Late Pins Margin For JHS 3rd

Three pins in the final four weight divisions wiped out a deficit and lifted the unbeaten Jacksonville High wrestling squad to a 28-19 decision over Decatur Eisenhower, at the JHS Bowl Friday evening.

Eisenhower led 11-8 after the first six matches and 16-13 entering the 154-pound class. Bob Dennis won on a pin to put the Crimsons into a 19-16 lead and 165-pounder Terry Hammers matched it for a 24-16 lead.

Heavyweight Gerald Stewart clinched the victory with another pin.

Spaulding at 120 copped decisions for the winners, and Chip Sutphen at 138 won via a fall. Dave Hornbeck wrestled to a draw at 103 for the now 3-0 Crimsons.

Eisenhower is now 0-1.

Wildcats Slip By Kincaid 73-71 In MSM Action

PALMYRA — Northwestern slipped by Kincaid 73-71 here Friday night in the MSM Conference opener for both teams despite a 32-point effort by the Ponies' John Mayer.

The Wildcats held a slight lead throughout the first three quarters. In the fourth stanza Northwestern increased its lead to 11 points with six minutes to play.

Kincaid came fighting back and tied the score several times but never could gain the lead. Jim Woods sank two fouls shots for the Wildcats in the last minute to provide the margin of victory.

Woods scored 18 points for the Wildcats along with Larry Anderson, also with 18 points. Randy Ralston meshed the nets for 14 points.

Northwestern is now 3-1 overall and 1-0 in the MSM Conference. The Ponies are 2-4 overall and 0-1 in the conference.

Blueboys End Long Jinx In Series

By BUFORD GREEN Sports Editor

Dick Clough's 25-foot desperation shot that went cleanly through the net as the buzzer sounded gave Illinois College its first basketball victory ever over MacMurray Friday night, 98-97, in a fast and furious finish typical of the six-year rivalry between the two local colleges.

The script up to the final heroics by Clough had been the same as that used in several previous clashes between the two, all won by MacMurray. Clough's long, arching shot wiped out a similar effort by the Clan's Denny Desmond with only 11 seconds left.

MacMurray had to wipe out a disastrous, cold-shooting first half to even be in the contest at the finish. The Highlanders hit only one of their first 21 shots and fired at a cold 27% rate in the first half to trail by 48-35 at intermission.

But again as often in the past Clan reserves came alive to spark the Highlanders. Bob Alexander, Desmond and Tom Cochran came off the bench to provide offensive punch that had been lacking in the first half. Cochran threw in 17 first half points that brought Mac from a 20-point deficit to a 13-point difference at halftime.

Desmond, a 5-8 unsung freshman, came on to score 21 points in the second half, all on long, two-handed jumpers. Alexander was red hot in the second half, tossing in 21 of his 23 points in the 20-minute spread.

IC has 31 Turnovers MacMurray's pressure defense forced Illinois College into 31 turnovers, many of them turned into Clan two-pointers, but the Blueboys offset the losses with hustle and inspired rebounding. Center Paul Runkle and forward Charles Martin hit the boards with terrific strength and carried the eventual winners over several rough spots.

I.C. outbounded the losers by 55-39, 20-16 on the offensive boards.
